### 11-day Garden Tour of England

Overnight Oxford (6 nights) • Royal Tunbridge Wells (1 night) • London (3 nights)

### Overview

This exciting program combines a day at the renowned Chelsea Flower Show and visit to the Garden Museum with a tour to some of England's finest country houses and gardens. Restored Bourton House won the prestigious HHA/Christie's 'Garden of the Year Award' in 2006. Sezincote's oriental gardens complement S.P. Cockerell's fascinating 'Indian' house. Designed by Chelsea Gold Medal winner Tom Stuart-Smith, Broughton Grange represents one of the most significant private contemporary gardens in Britain. Pettifers Garden stylishly combines the Dutch Wave movement with 'English prettiness' in a townhouse garden by owner Gina Price. Scientist and architect Christine Facer Hoffman has appended to her 17th-century house her own experimental garden that creates spatial narratives based upon number sequences found in nature. Rousham's interiors are extraordinarily well preserved; it's been owned by the Dormer family since 1635 and has fine landscaped gardens laid out by William Kent. Great Dixter is famous for its plantings established by Christopher Lloyd and Sissinghurst is the beloved masterpiece of Vita Sackville West. At West Green House Gardens Marylyn Abbott has reconciled her Australian gardening heritage, dominated by brilliant light, with England's softer, more muted atmosphere. Ightham Mote, meanwhile, is a wonderful example of a small medieval moated manor house, located within a peaceful garden surrounded by woodland. In these and other fine gardens we explore the initial influence of Italian formalism, 18th-century reactions against formal Italian and French modes by English landscape gardeners, the reversion to more formal styles in the second half of the 19th century, and the personal influences of that century's famous garden designers. Special highlights include a planned visit to Highgrove, where HRH

The Prince of Wales has created some of the most inspired and innovative gardens in the United Kingdom and a tour of the Royal Botanic Gardens, Kew with Richard Barley, Director of Horticulture. In Oxford we visit the Oxford Botanic Garden, the oldest botanic garden in Britain (founded in 1621), featuring inspiring herbaceous borders and glasshouses, and the award-winning gardens of 550-year-old Magdalen College. We also enjoy lovely Cotswold villages such as Stow-on-the-Wold, stately Tunbridge Wells, and learn about the development of the English country house.

## Leaders

### Sabrina Hahn

ABC radio presenter, garden writer & horticultural consultant specialising in Australian & Mediterranean garden design. Sabrina also works on planting programs in remote Aboriginal communities. She has led ASA garden tours to France, Italy, Spain, Morocco, the UK and Western Australia since 2008.

Sabrina first joined ASA in 2008 and has since led numerous garden tours for ASA to Italy, France, Spain, Morocco, the UK and Western Australia. Sabrina has a great passion for plants, gardens and their place in the greater landscape. She explores the relationship between landscape and people's sense of belonging. Sabrina's love of travel to other Mediterranean climates allows her to share her knowledge of gardening in Western Australia with fellow gardening enthusiasts and translate its place in the Australian landscape. Her plant knowledge has been passed down from 3 generations of obsessive gardeners, leaving her in little doubt of what to study as a career path.

Sabrina started her studies in Horticulture at TAFE, graduated to studying Applied Science and later Social Science. Sabrina has been the ABC gardening talkback expert in Western Australia since 1985, when she began her career in Kalgoorlie. Sabrina also writes a weekly column in the West Australian newspaper on all things green. Her aim is to make gardening an entertaining pastime and educate listeners in the importance of creating biodiversity in their own backyards. She believes gardeners have a role to play in becoming caretakers of sustainable landscapes that allows other species to thrive.

Sabrina can be heard on ABC Saturday mornings on 720 from 9-10am and on all local ABC stations during the graveyard shift with Trevor Chappel at 1.30am on Tuesday mornings.

Sabrina has owned and managed a landscaping business, lectured at University, consulted for prison nurseries, local government, private enterprise and set up edible gardens in schools. She is well known for her direct and humorous MC work and is a sought-after guest speaker.

Her latest venture is working with a philanthropic organisation, EON, in remote Aboriginal communities in the Kimberley, setting up edible gardens to ensure children have access to fresh fruit and vegetables. She has worked closely with community elders to collect and grow bush tucker plants to plant out within the schoolgrounds so that elders can teach children the uses of traditional food and medicine. The program has been highly successful; it is in its fourth year and Sabrina and EON are entering their seventh remote school.

Sabrina continues to work as a horticultural consultant and garden designer for many organisations, government and private bodies, but still enjoys travelling to other countries to discover how landscapes influence culture.

### Jessie Cullen

Jessie Cullen works to create sustainable green spaces in urban areas and therapeutic gardens for disadvantaged groups. An avid traveller, Jessie is manager on the ASA 'Garden Masterpieces' tour.

Jessie Cullen has a background in Risk Analysis and Injury Management working in remote areas of Western Australia. After 10 years of working in the mining industry she decided to change career pathways and focus on the design and construction of sustainable green spaces in urban areas. For the last 4 years Jessie has worked for Sabrina Hahn creating sensory and therapeutic gardens to increase wellbeing and mental health for disadvantage groups. She has a passion for travel and joined Sabrina as a tour manager on the garden tour of Morocco in 2017.

## Itinerary

The following itinerary describes a range of gardens and estates which we plan to visit. Many are accessible to the public, but others require special permission which may only be confirmed closer to the tour's departure in 2019. The daily activities described in this itinerary may change or be rotated and/or modified in order to accommodate alterations in opening hours, flight schedules and confirmation of private visits. Participants will receive a final itinerary together with their tour documents prior to departure. Meals included in the tour price and are indicated in the itinerary where: B=breakfast, L=Lunch and D=evening meal.

### Oxford - 5 nights

Day 1: Tuesday 14 May, London Heathrow – Oxford

- Arrive London Heathrow and transfer to Oxford
- Introduction & Welcome Dinner

On arrival at London Heathrow airport, those taking the ASA 'designated' flight transfer by private coach to Oxford, home to the oldest university in the English-speaking world. If you are travelling independently, you should meet the group at the [MacDonald Randolph Hotel](#). This evening there will be a short introductory meeting before dining at a local restaurant. (Overnight Oxford) D

Day 2: Wednesday 15 May, Oxford – The Cotswolds – Oxford

- Private visit of Sezincote House and Gardens
- Market town of Moreton-in-Marsh
- Guided tour of Bourton House Gardens with the Head Gardener, Paul Nicholls
- Stow-on-the-Wold

Today we drive into the Cotswolds to visit two magnificent gardens located near the village of Moreton-in-

Marsh. Our first visit is to Sezincote Manor, where an exotic oriental garden was created to complement the architect S.P. Cockerell's fascinating 19th-century Regency house, which he designed in an Indian, Mogul style; Sezincote served as the inspiration for George IV's Brighton Pavilion. Sezincote's extraordinary eccentricities include a temple, not to any Grecian deity, but to the Hindu goddess Souriya; garden sculptures include a bronze serpent and Brahmin bulls, whilst minarets top the conservatory.

Midday we travel to the northern Cotswolds town of Moreton-in-Marsh, where there will be time at leisure for lunch and to explore the high street, which has many elegant 18th-century inns and houses, including the Redesdale Market Hall.

In the afternoon we continue to the nearby award-winning three-acre gardens of Bourton House. The gardens had become overgrown and neglected when Richard and Monique Paice acquired them in 1983. Over the past 25 years, the ornamental garden with its 18th-century raised walk overlooking the rolling Cotswold Hills, the original kitchen garden, and Bourton's orchard, have been transformed. The Paices' achievement was recognised when Bourton House Garden was honoured with the prestigious HHA/Christie's 'Garden of the Year' award in 2006.

Our day concludes with a drive through the picturesque Cotswolds, including a short stop at the village of Stow-on-the-Wold. Stow-on-the-Wold was an important medieval market town and is now a centre for English antiques. As well as the large market square, the town has some very early coaching inns, including the Royalist Hotel that has timbers that have been carbon-dated to 987; it is believed to be the oldest inn in England. (Overnight Oxford) B

#### Day 3: Thursday 16 May, Oxford – Througham Court – Highgrove – Oxford

- Private Guided tour of Througham Court Gardens with Dr Christine Facer Hoffman
- Highgrove House: Lunch & Guided tour of Gardens

We depart Oxford early this morning and travel 77 kilometres south to the county of Gloucestershire. Here, Througham Court, a 17th-century Jacobean house with 6 acres of formal/informal landscape overlooks a peaceful Cotswold valley. Christine Facer Hoffman, scientist and landscape architect, describes her private garden as "a personal 'laboratory' to experiment with new ideas, materials and planting combinations." Developed since 2000, contemporary areas have been artfully embedded in the Cotswold architect Norman Jewson's 1930s Arts and Crafts masterpiece, which features magnificent yew topiary and dry stone wall terracing. Hoffman has stated that her contemporary 'fragments' are inspired by scientific discoveries and theories. She uses mathematical number sequences found in nature to create a symbolic and metaphorical narrative so that the gardens may be 'read' by the visitor. They recently featured in the RHS publication *The Garden* magazine and in Alan Titchmarsh's *Garden Secrets* on BBC 2.

Mid-morning we make the short drive to Doughton village, where Highgrove House, the country home of Their Royal Highnesses the Prince of Wales and the Duchess of Cornwall, is located. The Prince purchased Highgrove in 1980, and has spent 30 years transforming its grounds into what have been acknowledged as some of the most brilliant and inventive gardens in the United Kingdom. "A series of interlinked areas, each with their own character and purpose, weave magically around the garden, with the house always visible in the distance. For the last 25 years the gardens and surrounding land have been managed to the organic and sustainable principles that His Royal Highness has for so long championed." After lunch and our 2-hour guided tour of the gardens, we return to Oxford, where the evening is at leisure. (Overnight Oxford) BL

#### Day 4: Friday 17 May, Oxford – Banbury – Lower Wardington – Oxford

- Broughton Grange, Banbury
- Pettifers Garden, Lower Wardington

We begin today with a visit to Broughton Grange, which has received much attention since opening under the National Garden Scheme (NGS) in 2004. The gardens are set in 350 acres of parkland, farmland, and open meadow, with a style of planting that owes its origins to the Victorian era. The gardens' development accelerated in 2001, when acclaimed landscape designer Tom Stuart-Smith, who has been awarded eight RHS Chelsea Flower Show gold medals including three Best in Show awards, was commissioned to transform a 6-acre field into a walled garden. This impressive new garden features three individually themed terraces and has been designed with consideration to the surrounding rural landscape. Broughton Grange now represents one of the most significant private contemporary gardens in Britain. Broughton Grange is the first of a selection of Tom Stuart-Smith gardens included in the tour. A ploughman's lunch will be provided after our guided tour of the gardens.

After lunch, we explore the innovative Pettifers Gardens, where head gardener Polly Stevens will provide us with a guided tour. The tour will describe not only the interesting and surprising plant combinations, but also how this garden has undergone changes made by the owner and designer, the Honourable Mrs. Gina Price, since the early 1990s, when she began to design the garden. Combined with friendship and advice from Diany Binney at Kiftsgate Court Gardens, Pettifers has today developed a reputation as one of the must-see English country gardens. Adorned with herbaceous perennials, this garden is guaranteed to please in the peak of English summer. RHS judge and media personality James Alexander-Sinclair described the garden in *Gardens Illustrated* magazine as "undoubtedly one of the most exciting and delightful gardens in the country." (Overnight Oxford) BL

#### Day 5: Saturday 18 May, Oxford – The Cotswolds – Oxford

- Hidcote Manor
- Kiftsgate Court Gardens
- Village of Bibury

Today we travel first to Chipping Campden and the delightful National Trust property, Hidcote Manor. Hidcote is significant for its influential garden, designed in the English Arts and Craft style by Major Laurence Johnston as a series of rooms of different character and theme, separated from each other by walls and hedges.

At midday we continue to Kiftsgate Court Gardens, which tell the story of three generations of women gardeners: Heather Muir, Diany Binny and Anne Chambers. Heather Muir created the gardens in the 1920s. From the mid-fifties Diany Binny added the semi-circular pool in the lower garden and redesigned the white sunk garden. One of the finest accomplishments of its current owner, Anne Chambers, is the new water garden whose composition is 'abstract modern'.

Our day concludes with another drive through the Cotswolds visiting the village of Bibury, described by William Morris as 'the most beautiful village in the Cotswolds'. (Overnight Oxford) BL

#### Day 6: Sunday 19 May, Oxford – Steeple Ashton – Oxford

- Rousham House and Gardens

- Guided tour of the University of Oxford Botanic Gardens with Dr Alison Foster, Senior Curator
- Magdalen College and its award-winning gardens

This morning we drive north of Oxford to Steeple Aston to visit another stately home of very different aspect. Rousham House has remained the property of the Dormer family since its construction in 1635. The house retains much of its original panelling, staircases, furniture and art works. Several alterations were made in 1876 when the north side of the house was added, but for the most part Rousham remains a stunning example of 17th-century architecture and decoration. The gardens are of particular importance as they represent the first phase of English landscape design and have undergone few changes since being laid out by William Kent.

Following some time at leisure for lunch, we shall enjoy a walking tour of the magnificent University of Oxford Botanic Gardens with senior curator, Dr Alison Foster. Finally, we shall visit the award-winning gardens of 15th-century Magdalen College. Magdalen's extensive grounds include its own deer park, wildflower meadow and a riverside walk. For Oscar Wilde, who matriculated at Magdalen in October 1874, 'The Magdalen walks and cloisters' were the ideal backdrop for reading Romantic poetry! (Overnight Oxford) B

### Royal Tunbridge Wells - 1 night

Day 7: Monday 20 May, Oxford – West Green House Gardens – Sevenoaks – Royal Tunbridge Wells

- West Green House Gardens: Lunch & Guided tour of Gardens
- Ightham Mote, Sevenoaks

We depart Oxford early this morning and travel 60kms south to the Hart District of Northern Hampshire to visit West Green House Gardens that surround a lovely 18th-century house. These are the creation of an Australian, Marylyn Abbott. One could possibly call this a 'biographical garden' in the sense that it is a very personal creation based upon Marylyn's early love of gardens, inculcated by her mother and grandmother when she was growing up in Australia (Marylyn masterminded the famous Australian garden, 'Kennerton Green'). At West Green House she has reconciled her Australian gardening heritage, dominated by brilliant light, with England's softer, more muted atmosphere. Marylyn is a prolific writer; her latest book *The Resilient Garden*, in keeping with her experience reconciling very different gardening environments, discusses a collection of plants that will acclimatise to both Mediterranean and cool temperate gardens. Her gardens appear in many publications, in one of which (*The Royal Horticultural Society's Garden Finder* 2007) Charles Quest-Ritson has stated:

"West Green House Gardens has many original features. A grand water staircase provides the focal point to the Nymphaeum fountain designed by Quinlan Terry. By the house is a charming small topiary garden where water lilies flourish in small water tanks sunk in the ground. It runs up to a handsome aviary with unusual breeds of bantams and chickens. Beyond, are a dramatic new Persian water garden in a woodland glade, a newly restored lake, more follies and fancies, new walks and massive plantings of snowdrops, daffodils and fritillaries."

Lavishness is a hallmark of the Abbott style – 10,000 tulip bulbs are planted every year – but Marylyn also emphasises the importance of drama, colour, innovation and humour in her garden.

Following a light lunch, we continue our journey east to Ightham Mote, a wonderful example of a small medieval moated manor house, perfectly located within a peaceful garden surrounded by woodland. Dating from the 14th century, this house has seen many changes but each subsequent section has been

preserved in extraordinary condition. Medieval knights, courtiers to Henry VIII and high-society Victorians have all contributed sections to Ightham Mote. Highlights include the picturesque courtyard, Great Hall, crypt, Tudor painted ceiling, Grade I listed dog kennel and the private apartments of Charles Henry Robinson, who gave Ightham Mote to the National Trust in 1985. We shall walk to the house, enjoying its rural setting, before exploring its beautiful interior. Of special note is the chapel, with its perfectly preserved interior, pulpit and tester. We shall also enjoy the gardens, with an orchard, water features, lakes and woodland walks.

In the late afternoon we travel a short distance to Royal Tunbridge Wells, a town that rose to prominence when it became a spa in the late 17th century. Tonight we shall dine together at the hotel's restaurant. (Overnight Royal Tunbridge Wells) BLD

### London - 3 nights

Day 8: Tuesday 21 May, Royal Tunbridge Wells – Great Dixter – Sissinghurst – London

- Great Dixter House & Gardens
- Sissinghurst Castle Gardens

Today is a day of superb gardens. The Lloyd family developed Great Dixter early in the 20th century from an original design by Sir Edwin Lutyens. Today it is more famous for the plantings established by Christopher Lloyd documented in his many classic gardening books. The residence comprises a mid 15th-century hall house, typical of the Weald of Kent, to the south side of which a second, early 16th-century yeoman's house was grafted. Lutyens enjoyed using local materials and retained farm buildings like oast houses, cowsheds, barns and outbuildings. Around these he designed his garden, featuring a sunken garden, topiary and yew hedges. Christopher Lloyd managed Great Dixter from the 1950s and was noted for his innovative approach and introduction of concepts like the mixed border and meadow garden, and his replacement of the rose garden with schemes using less fashionable plants like cannas and dahlias. We will investigate his full range of planting schemes. Although Lloyd is no longer present in the garden his gardener Fergus has achieved what some consider even better results in recent years.

We next drive to Sissinghurst Castle Garden, one of England's greatest garden delights. Sissinghurst was the garden of poet and writer Vita Sackville-West and her husband Harold Nicolson, journalist, MP and diplomat, and is possibly the most influential of all 20th-century gardens. Built around the remnants of an Elizabethan castle, of which the tower remains a central garden feature, the garden is divided into distinct spaces where a formality established by Nicolson is clothed by a romantic planting style pursued by Sackville-West. The garden retains its original charm and romance with such delights as its parterre, white garden, cottage garden, nut walk and orchard. We shall explore Sissinghurst's many hidden corners, sumptuous planting combinations and the view from the top of the tower, always a good starting point for those who wish to understand the garden's layout.

In the late afternoon we travel to London where we shall spend the next three nights at St Martins Lane hotel. (Overnight London) BL

Day 9: Wednesday 22 May, Chelsea Flower Show

- The Chelsea Flower Show (Members Day)
- The Garden Museum

Today is dedicated to the Chelsea Flower Show, the world's best-known flower show. Located in the

grounds of Sir Christopher Wren's Royal Hospital (1689), the Show is held annually in May and attracts more tourists to London than the Wimbledon Championships! We will therefore arrive early in order to enjoy the remarkable displays before they become too crowded. All of the gardens on display are constructed in the two weeks prior to the show and, following the event, are dismantled and the grounds reinstated. Around the periphery of the grounds are display gardens, sponsored by newspapers and magazines, major stores and insurance companies, whilst inside the giant marquee are exhibits by plant growers. Here you will see perfect displays of everything horticultural from bonsai to bulbs, rhododendrons to roses. This visit has been designed so that you are free to wander through the event at your leisure, not forgetting the botanical art and floral displays. This is a visual feast that all gardeners will want to enjoy at least once in their lives!

In the mid afternoon we visit the nearby Garden Museum, which has recently been redeveloped and showcases an impressive collection and temporary exhibitions in its galleries. The museum, founded by Rosemary Nicholson in 1977, is housed in a former church and features a medieval tower with a view to Westminster. In what was formerly St Mary's at Lambeth, this building dates back to the medieval era and is Britain's only museum of garden history art and design. (Overnight London) B

#### Day 10: Thursday 23 May, London

- Royal Botanic Gardens, Kew – with Richard Barley, Director of Horticulture at Kew Gardens
- Farewell Lunch at the Orangery Restaurant, Kew Gardens
- Afternoon at leisure

Today is a unique opportunity to explore the Royal Botanic Gardens, Kew, with Richard Barley, who was appointed Director of Horticulture at the Gardens in April 2013. With his knowledge based on the day-to-day management of the site, Richard will give deep insights into these world-renowned gardens. The original gardens were created for Augusta, Princess of Wales around her home, Kew Palace. Today it contains the largest collection of plants in the world with tropical and sub-tropical plants being kept in appropriate conditions in magnificent Victorian glasshouses. The variety of plants is overwhelming but Kew has a magic far above the ordinary run of Victorian plant collections, perhaps because of its size and the underlying but unobtrusive formality of its structure. The Queen's Garden is a faithful copy of a 17th-century garden with parterres, sunken garden and pleached alleys. A new treetop walk by Marks Barfield Architects (who designed the London Eye) opened in May 2008.

Our day concludes with a farewell lunch at the Orangery Restaurant, with stunning views over the gardens. The remainder of the afternoon is free for you to explore London at your leisure. (Overnight London) BL

#### Day 11: Friday 24 May, London, Tour Ends

- Airport transfer for participants departing on the ASA 'designated' flight

The tour ends in London. Participants travelling on the ASA 'designated' flight will transfer to the airport to take their flight home to Australia. Alternatively, you may wish to extend your stay in London. Please contact ASA if you require further assistance. B

## Physical Endurance & Practical Information

Physical Ratings 

The number of flags is a guide to the degree of difficulty of ASA tours relative to each other (not to those of other tour companies). It is neither absolute nor literal. One flag is given to the least taxing tours, seven to the most. Flags are allocated, above all, according to the amount of walking and standing each tour involves. Nevertheless, all ASA tours require that participants have a good degree of fitness enabling 2-3 hours walking or 1-1.5 hours standing still on any given site visit or excursion. Many sites are accessed by climbing slopes or steps and have uneven terrain.

This 11-day Cultural Garden Tour of England involves:

- Moderate walking and standing during site visits; walking tours may include steep slopes, flights of stairs, cobbled streets and uneven ground during garden visits.
- Moderate travel by air-conditioned coach; public transport in London.
- Visiting a number of towns and villages on foot, walks uphill from bus parks to historic town centres and other sites.
- This tour includes the use of audio headsets, which amplify the voice of your guide (despite noisy surroundings). This technology also allows you to move freely during site visits without missing any information.
- 4- and 5-star hotels with two hotel changes.
- You must be able to carry your own hand luggage. Hotel portage includes 1 piece of luggage per person.

It is important to remember that ASA programs are group tours, and slow walkers affect everyone in the group. As the group must move at the speed of the slowest member, the amount of time spent at a site may be reduced if group members cannot maintain a moderate walking pace. ASA tours should not present any problem for active people who can manage day-to-day walking and stair-climbing. However, if you have any doubts about your ability to manage on a program, please ask your ASA travel consultant whether

this is a suitable tour for you.

**Please note:** it is a condition of travel that all participants agree to accept ASA's directions in relation to their suitability to participate in activities undertaken on the tour, and that ASA retains the sole discretion to direct a tour participant to refrain from a particular activity on part of the tour. For further information please refer to the ASA Reservation Application Form.

### Practical Information

Prior to departure, tour members will receive practical notes which include information on visa requirements, health, photography, weather, clothing and what to pack, custom regulations, bank hours, currency regulations, electrical appliances and food. The Department of Foreign Affairs & Trade website has advice for travellers: [www.smartraveller.gov.au](http://www.smartraveller.gov.au)

The purpose of seeking this information is to assist ASA to determine, where necessary, whether ASA is able to make reasonable adjustments to accommodate your specific needs and whether your health and safety (or that of your fellow travellers) is likely to be compromised given your choice of tour. It will also assist you and ASA if you fall ill or have an accident whilst travelling.

- ASA reserves the right to decline your Reservation Application if this Medical Information section is not completed properly and may reject or cancel your reservation, or terminate your participation on any tour, if ASA subsequently learns that you have failed to make full and proper disclosure.
- ASA is committed to protecting the privacy of your personal information. ASA's privacy policy is available for viewing at [www.asatours.com.au](http://www.asatours.com.au)
- If ASA has any concerns about the information you have provided, it will contact you to request clarification before considering your Application.
- ASA requires you to consider carefully your limitations in light of ASA's Physical Endurance Star Rating System in ASA's Brochure and Itinerary when choosing your tour.
- If you are not likely to satisfy ASA's Participation Criteria (see below), ASA, in its sole discretion, may reject your Reservation Application.
- It is a condition of your tour that you agree to accept the directions of ASA's Tour Leaders in relation to your suitability to participate in activities planned on tour.
- ASA reserves the right to cancel your participation on a tour if your behaviour is in ASA's opinion causing undue distress or damage to any person or their property.
- If your participation is discontinued during a tour, ASA will assist by arranging your onward travel (if required) at your own cost, but you will not be refunded for forfeited parts of the tour.
- ASA tour groups are not accompanied by a medical practitioner. ASA recommends that you see your doctor for advice about your specific needs while overseas. You may also wish to contact a travel and vaccination clinic for advice. [www.traveldoctor.com.au](http://www.traveldoctor.com.au) tel: 1300 658 444; [www.travelvax.com.au](http://www.travelvax.com.au) tel: 1300 360 164.
- Travel insurers require you to declare all existing medical conditions.
- Please carry a complete list of medications with you during the ASA tour. Include **generic names** of each medication (consult your local pharmacy for information).

Please mark **X** in the YES or NO box to every question below and provide details where necessary:

## Participation Criteria

To participate in an ASA tour, you must be reasonably fit, in good health and able to participate in all activities without assistance from Tour Leaders or other tour members. If you require assistance, a fit and able travel companion must undertake to accompany and assist you with all tasks for the duration of the whole tour. The responsibility of the Tour Leader is to ensure that the larger group enjoys a relaxing and informative journey, and he or she cannot be relied upon to provide ongoing individual assistance to any one guest.

## Mobility and Fitness

As many of ASA's international sites do not provide access to wheelchairs or similar mobility aids, we regret that ASA tours are not suitable for people who require the use of a walking frame, wheeled walker, wheelchair or motorised scooter.

1. Do you suffer from any medical conditions that may compromise your mobility and/or fitness to participate on this program?  YES  NO  
 If yes, please specify

\_\_\_\_\_

If yes, how will you manage this on tour?

\_\_\_\_\_

## Allergies and/or Food Intolerances

ASA will make reasonable endeavours to organise meals to suit you, provided that you give ASA adequate notice of your specific dietary requirements or allergies. You may be required to research dietary alternatives, as not all destinations may be able to offer suitable food substitutes.

1. Do you have any food allergies or intolerances?  YES  NO  
 If yes, please specify

\_\_\_\_\_

2. Have you ever had an anaphylactic reaction to anything?  YES  NO  
 If yes, please specify

\_\_\_\_\_

3. Do you have any other allergies or reactions to anything, including medical drugs?  YES  NO  
 If yes, please specify

\_\_\_\_\_

## Existing Medical Conditions

You alone are responsible for managing any existing medical conditions, your medication and any medical equipment that you may need when on your tour. Please plan for contingencies and take extra medication, dietary supplements and/or fully charged batteries for medical equipment if your health and safety depends on these. You should take into consideration that power sources at some destinations may be unavailable, inadequate, inconvenient or unreliable.

1. Have you any significant medical conditions that may impact your capacity to complete this tour?  YES  NO  
 If yes, please specify

\_\_\_\_\_

If yes, how will you manage this on tour?

\_\_\_\_\_

2. Do you require some form of powered medical aid, such as a CPAP machine?  YES  NO

These machines may not be operable on certain international flights, modes of transport, in remote or other areas with inadequate or unreliable power sources without a fully charged independent long life battery or batteries.

**Diabetics:** You may be travelling and sightseeing for many hours at a time. Insulin dependent diabetics must carry extra supplies of insulin (as this medication cannot be obtained in some destinations), regulators, applicators, storage and refrigeration equipment, as well as any necessary supplements. Accommodation may not provide refrigerators in rooms.

3. Are you diabetic?  YES  NO

Are you insulin dependent?  YES  NO

4. Do you suffer from travel sickness?  YES  NO  
 Remember to use an appropriate medication while on tour.

## Declaration

I declare that: I have read and understood the ASA Tour Itinerary, Reservation Application and Booking Conditions. I am aware of ASA's terms as relating to refunds, cancellations, responsibility and liability. I understand that ASA relies upon this declaration when considering this Application. I accept that there are inherent dangers and risks that may occur during any tour. I have made full and complete disclosure and have not knowingly withheld any medical information about myself from ASA. I have completed this Reservation Application honestly and accurately. I warrant that I am able to participate independently in all activities described by ASA in the itinerary without assistance from any person.

I will advise ASA in writing if any aspect of my fitness and or health conditions change materially at any time before my departure date. I understand and accept that the itinerary, accommodation and lecturers scheduled for this tour may change.

I agree and consent that ASA may give my personal information in this Reservation Application to tour service providers and relevant authorities as required by law, but for the purpose of making bookings with and engaging services provided for the tour. I understand that if I do not consent to the use of my personal information for this purpose, ASA will decline my Reservation Application.

In consideration of ASA's acceptance of my Reservation Application, I irrevocably release and indemnify ASA from all claims that I, or any other party, may have against ASA its employees, invitees, agents and contractors, however arising in respect of any loss, damage, injury, death or expense incurred in the course of travelling to, on and from any tour.

I understand and acknowledge that this Release and Indemnity applies with respect to:

1. Every general risk to which I or my personal belongings may be exposed in the course of travelling to, on or from any ASA tour
2. Every special risk, in particular medical risks, to which I may be exposed in the course of travelling to, on or from any ASA tour arising from, including, but not limited to:
  - a. intermittent power cycles and/or the temporary or permanent loss of power (beware CPAP or any other medical machine users);
  - b. dietary, food or other allergies (ASA cannot guarantee that traces of items to which you are allergic are not present in food or drink you are served, medication you are administered or other substances with which you may come into contact);
  - c. any event or situation that may compromise the administration of necessary medication or my health, safety and wellbeing generally.
3. All claims arising as a result of my or ASA's cancellation or termination of my continued participation on a tour for whatever reason (refund conditions in ASA's Booking Conditions excepted).

## Limitation of Liability

ASA is not a carrier, event or tourist attraction host, accommodation or dining service provider. All bookings made and tickets or coupons issued by ASA for transport, event, accommodation, dining and the like are issued as an agent for various service providers and are subject to the terms and conditions and limitations of liability imposed by each service provider. ASA is not responsible for their products or services. If a service provider does not deliver the product or service for which you have contracted, your remedy lies with the service provider, not ASA.

ASA will not be liable for any claim (eg. sickness, injury, death, damage or loss) arising from any change, delay, detention, breakdown, cancellation, failure, accident, act, omission or negligence of any such service provider however caused (contingencies). You must take out adequate travel insurance against such contingencies.

ASA's liability in respect of any tour will be limited to the refund of amounts received from you less all non-refundable costs and charges and the costs of any substituted event or alternate services provided. The terms and conditions of the relevant service provider from time to time comprise the sole agreement between you and that service provider.

ASA reserves the sole discretion to cancel any tour or to modify itineraries in any way it considers appropriate. Tour costs may be revised, subject to unexpected price increases or exchange rate fluctuations.

## Booking Conditions

### DEPOSITS

A deposit of \$500.00 AUD per person is required to reserve a place on an ASA tour.

### CANCELLATION FEES

If you decide to cancel your booking the following charges apply:

More than 75 days before departure: \$500\*  
75-46 days prior 25% of total amount due  
45-31 days prior 50% of total amount due  
30-15 days prior 75% of total amount due  
14-0 days prior 100% of total amount due

*\*This amount may be **credited** to another ASA tour departing within 12 months of the original tour you booked. We regret, in this case early-bird discounts will not apply.*

**We take the day on which you cancel as being that on which we receive written confirmation of cancellation.**

### UNUSED PORTIONS OF THE TOUR

We regret that refunds will not be given for any unused portions of the tour, such as meals, entry fees, accommodation, flights or transfers.

### WILL THE TOUR PRICE OR ITINERARY CHANGE?

If the number of participants on a tour is significantly less than budgeted, or if there is a significant change in exchange rates ASA reserves the right to amend the advertised price. We shall, however, do all in our power to maintain the published price. If an ASA tour is forced to cancel you will get a full refund of all tour monies paid. Occasionally circumstances beyond the control of ASA make it necessary to change airline, hotel or to make amendments to daily itineraries. We will inform you of any changes in due course.

### TRAVEL INSURANCE

ASA requires all participants to obtain comprehensive travel insurance. A copy of your travel insurance certificate and the **reverse charge** emergency contact phone number must be received by ASA no later than 75 days prior to the commencement of the tour.

### FINAL PAYMENT

The balance of the tour price will be due 75 days prior to the tour commencement date.
