Subject Description

This subject provides for students across a range of disciplines in the College of Arts, Social Sciences and Commerce to undertake a structured international study tour, based in this instance in the cities of New Orleans, Clarksdale and Memphis and with the cooperation of Tulane University, New Orleans. The first half of the trip (about 8 days) is mostly based in New Orleans and our key foci are on the history and development of the city of New Orleans and its region: the global and material forces that have shaped it over three centuries. Students will encounter a rich cultural tapestry of peoples, food, music, and visual arts. We will examine the people, economy and urban form of New Orleans particularly in the aftermath of the Hurricane Katrina disaster in 2005 and the attempts to regenerate the city and address its severe socio-economic inequalities. We will encounter local planners, artists, community leaders and social activists seeking to preserve the city's unique heritages but also to create a more socially just order. Study will focus on critical aspects of the city – its culture, literature, history, demography, migration, criminal justice, politics, and planning – through a range of case studies, fieldwork, research, practical exercises and site visits.

In the second half of the study-tour, we will travel up the Mississippi river delta on Highway 61. We travel via Baton Rouge (capital of Louisiana), the historic town of Natchez, Vicksburg and its Civil War Park and BB King Museum, Jackson (Mississippi's state capital), and arriving in the legendary blues 'crossroads' of Clarksdale, where students will be based for about a week, and learn about its recent regeneration based on the region's rich traditions. Aside from visiting the galleries, stores and blues juke joints and savouring southern cuisine, students will take part in daily workshops and field trips including the Mississippi river itself, plantations and slave trade museums, literary homes (such as William Faulkner's), the University of Mississippi in Oxford, and so on. This part of the study tour will be hosted by local experts and community leaders.

The study tour concludes with 3 days in one of the most important cultural, commercial and civil rights centres in the US: Memphis, Tennessee. Opportunity is afforded students to look at the organisation of music cultures in the twentieth century by visits to Sun Records, Stax Records, and Elvis Presley's Graceland as well as sample the live music scene. We will be based in downtown area and will look at socio-

economic development issues and the politics of planning the city.

No matter what is your disciplinary training: from archaeology to linguistics, history to sociology, literature to creative arts, politics to economics, community development to planning, cultural tourism to strategic communication and media studies, from education to law, from marketing to culture - there is something for everyone in this study tour subject. You will be able to develop a research project that reflects your own discipline interests and methods whilst, at the same time, engaging in in-depth thought, analysis and problem solving in the richness of a multi-discipline setting.

The cost of the subject in 2018 excludes travel insurance but does include the usual HELP fee for a 30-credit-point subject. This price includes all return airfares, accommodation, all breakfasts, local transport, and many other meals in "special" places. No participant may travel without travel insurance.

Learning Objectives

By participating in this subject, you will:

1. Analyse and critically review key elements in the story of cities and their regions in the deep south of America as representational of a peculiar pathway into modernity, especially over the past two centuries.
2. Identify the role and significance of history, culture, literature, politics, society, and urban planning in understanding the contemporary city and its region (you can use New Orleans or Clarksdale or Memphis as your key case study).
3. Use fieldwork observations, site visits and research to identify and review critical elements in the development of three key cities (New Orleans, Clarksdale and Memphis) and their ecological, social and economic region to explain their current circumstances and challenges.
4. Work individually and as part of a small team to explore different disciplinary approaches to the study of the Mississippi River Delta region as a whole.
5. Develop multi-media skills in the field and online.

Physical Endurance & Practical Information

Physical Ratings 

The number of flags is a guide to the degree of difficulty of ASA tours relative to each other (not to those of other tour companies). It is neither absolute nor literal. One flag is given to the least taxing tours, six to the most. Flags are allocated, above all, according to the amount of walking and standing each tour involves. Nevertheless, all ASA tours require that participants have a good degree of fitness enabling 2-3 hours walking or 1-1.5 hours standing still on any given site visit or excursion. Many sites are accessed by climbing slopes or steps and have uneven terrain.

This 21-day course involves:

- Accommodation at Tulane University New Orleans & 2 or 3-star hotels
- An extensive amount of walking to site visits, often up and down hills and/or flights of stairs, along cobbled streets and uneven terrain. You therefore need to be a good walker and be prepared to stand for some time on site and in front of buildings
- Minimal coach travel - all on good roads; extensive use of public transport in New Orleans and Memphis
- Portage is **not included**; participants **MUST** be able to carry their own luggage.

It is important to remember that ASA programs are group tours, and slow walkers affect everyone in the group. As the group must move at the speed of the slowest member, the amount of time spent at a site may be reduced if group members cannot maintain a moderate walking pace. ASA tours should not present any problem for active people who can manage day-to-day walking and stair-climbing. However, if you have any doubts about your ability to manage on a program, please ask your ASA travel consultant whether this is a suitable tour for you.

Please note: it is a condition of travel that all participants agree to accept ASA's directions in relation to their suitability to participate in activities undertaken on the tour, and that ASA retains the sole discretion to

direct a tour participant to refrain from a particular activity on part of the tour. For further information please refer to the ASA Reservation Application Form.

Practical Information

Prior to departure, tour members will receive practical notes which include information on visa requirements, health, photography, weather, clothing and what to pack, custom regulations, bank hours, currency regulations, electrical appliances and food. The Department of Foreign Affairs & Trade website has advice for travellers: www.smartraveller.gov.au

Booking Conditions

Applications & Enrolments

ASA will not accept any reservation, even if a \$500.00 deposit has been paid, unless the following documentation has been received:

1. Completed and signed ASA Course Reservation Application Form
 - You will be notified shortly afterwards whether you have been selected to participate in the subject.
 - A maximum of 40 students can enroll in the subject; first-come, first-served.

In addition to fulfilling ASA's requirements, all participants must enrol under one of the following options:

- Option 1 is for Participants currently enrolled in an undergraduate course at La Trobe University. If you want the subject to count as 30-credit-points towards your current La Trobe degree, you enrol in the subject before departure according to the requirements of your Faculty. Normal HELP fees apply as with any other university subject, but with the addition of the travel provider's (*Australians Studying Abroad's*) price for airfares, bus-&-local-transport, bed-&-breakfast accommodation and some meals. In the past, the La Trobe Abroad Office has offered a subsidy of at least A\$500 to enrolling La Trobe University students. La Trobe students can also use OS-HELP loan to cover all costs if this 30-credit-point subject is combined with other accredited Study Abroad subjects worth another 30 credit points, making 60 credit points in total. OS-HELP loan students must also must have at least 15 credit points (the equivalent of one La Trobe subject, or 0.125 EFTSL to use the cross-institutional measure) to complete in their current course after return from exchange. To be eligible to apply for an OS-Help loan, students need to be enrolled in a secondary program at an overseas institution crediting a full time load back to your La Trobe University course. Visit: www.latrobe.edu.au/study/exchange-and-study-abroad/study-overseas - this offers a La Trobe-students' information portal for study abroad options in general and www.latrobe.edu.au/study/exchange-and-study-abroad/study-overseas/fees offers information about La Trobe-students' \$500 mobility-grant subsidy and OS-HELP loan options.
- Option 2 is for Participants currently enrolled in an undergraduate course at another University. If you want this La Trobe subject to count as credit towards your current degree in your University, you enrol in the subject as a cross-institutional Complementary Subject and obtain the approval of the relevant officers in both universities. Standard (home institutional) HELP fees apply as with any of their subjects, but with the addition of the travel provider's (*Australians Studying Abroad's*) price for airfares, bus-&-local-transport, bed-&-breakfast accommodation and some meals. Students may also be able to use an OS-HELP loan to cover all costs, but it will depend on the view of their 'home' institution.
- Option 3 is for Participants not currently enrolled in an undergraduate degree, wishing to take the

subject for credit. With this option, you enrol as an 'Assessed' student taking the course as a 'single-subject' if you wish to complete assessment and receive a result for the subject. As an 'Assessed' student you will receive an official academic result, which is available for credit should you subsequently gain admission into an award course at La Trobe University. The 'Single Subject' fee is in addition to the travel provider's (*Australians Studying Abroad's*) price for airfares, bus-&-local-transport, bed-&-breakfast accommodation and some meals. Note that to apply for admission into a course offered by La Trobe's School of Humanities and Social Sciences you will be required to have completed two subjects at an undergraduate level.

- Option 4 is for Participants who wish to travel and attend classes, but who do not wish to be assessed. These Participants do not wish take the subject for credit. You enrol in the subject as a 'non-assessed' Audit student if you do not wish to gain an official academic result. Participants undertaking this course as a non-assessed student will be required to pay a 'Non-Assessed Audit Fee Supplement' of A\$400, in addition to the travel provider's (*Australians Studying Abroad's*) price for airfares, bus-&-local-transport, bed-&-breakfast accommodation and some meals. You will be required to pay this fee supplement at the time of paying your balance for the subject. This will be included in the final invoice you receive from *Australians Studying Abroad*.
- Option 5 Expressions of interest by HDR candidates can be directly to Associate Professor Terrie Waddell, Director, Higher Degree by Research, School of Humanities and Social Sciences. Please email T.Waddell@latrobe.edu.au

Single Supplement

Payment of the single supplement will ensure accommodation in a single room throughout the tour. The number of single rooms available is extremely limited. People wishing to take the Single Supplement are therefore advised to book well in advance.

Declaration, Liability and Booking Conditions

Declaration

I declare that: I have read and understood the ASA Tour Itinerary, Reservation Application and Booking Conditions. I am aware of ASA's terms as relating to refunds, cancellations, responsibility and liability. I understand that ASA relies upon this declaration when considering this Application. I accept that there are inherent dangers and risks that may occur during any tour. I have made full and complete disclosure and have not knowingly withheld any medical information about myself from ASA. I have completed this Reservation Application honestly and accurately. I warrant that I am able to participate independently in all activities described by ASA in the itinerary without assistance from any person.

I will advise ASA in writing if any aspect of my fitness and or health conditions change materially at any time before my departure date. I understand and accept that the itinerary, accommodation and lecturers scheduled for this tour may change.

I agree and consent that ASA may give my personal information in this Reservation Application to tour service providers and relevant authorities as required by law, but for the purpose of making bookings with and engaging services provided for the tour. I understand that if I do not consent to the use of my personal information for this purpose, ASA will decline my Reservation Application.

In consideration of ASA's acceptance of my Reservation Application, I irrevocably release and indemnify ASA from all claims that I, or any other party, may have against ASA its employees, invitees, agents and contractors, however arising in respect of any loss, damage, injury, death or expense incurred in the course of travelling to, on and from any tour.

I understand and acknowledge that this Release and Indemnity applies with respect to:

1. Every general risk to which I or my personal belongings may be exposed in the course of travelling to, on or from any ASA tour
2. Every special risk, in particular medical risks, to which I may be exposed in the course of travelling to, on or from any ASA tour arising from, including, but not limited to:
 - a. intermittent power cycles and/or the temporary or permanent loss of power (beware CPAP or any other medical machine users);

 - c. any event or situation that may compromise the administration of necessary medication or my health, safety and wellbeing generally.
3. All claims arising as a result of my or ASA's cancellation or termination of my continued participation on a tour for whatever reason (refund conditions in ASA's Booking Conditions excepted).

Limitation of Liability

ASA is not a carrier, event or tourist attraction host, accommodation or dining service provider. All bookings made and tickets or coupons issued by ASA for transport, event, accommodation, dining and the like are issued as an agent for various service providers and are subject to the terms and conditions and limitations of liability imposed by each service provider. ASA is not responsible for their products or services. If a service provider does not deliver the product or service for which you have contracted, your remedy lies with the service provider, not ASA.

ASA will not be liable for any claim (eg. sickness, injury, death, damage or loss) arising from any change, delay, detention, breakdown, cancellation, failure, accident, act, omission or negligence of any such service provider however caused (contingencies). You must take out adequate travel insurance against such contingencies.

ASA's liability in respect of any tour will be limited to the refund of amounts received from you less all non-refundable costs and charges and the costs of any substituted event or alternate services provided. The terms and conditions of the relevant service provider from time to time comprise the sole agreement between you and that service provider.

ASA reserves the sole discretion to cancel any tour or to modify itineraries in any way it considers appropriate. Tour costs may be revised, subject to unexpected price increases or exchange rate fluctuations.
