#### Day 17: Tuesday 1 October, Pittsburgh – Mill Run – Chalk Hill – Pittsburgh

- Fallingwater, Mill Run
- Kentuck Knob, Chalk Hill
- Farewell Dinner

Today is dedicated to visiting two remarkable houses designed by Frank Lloyd Wright. Fallingwater was designed in 1936 for the family of Pittsburgh department store owner Edgar J. Kaufmann. The house's setting is dominated by the waterfall over which the house is built. The Kaufmanns chose the waterfall location but were unprepared for Wright's suggestion that the house rise over it rather than face it; yet they accepted the architect's original scheme unchanged. Completed in 1939, Fallingwater was constructed of sandstone quarried on the property and was built by local craftsmen. The stone walls rise between reinforced concrete 'trays' carrying the living and bedroom levels, that are dramatically cantilevered over the stream. Fallingwater was the weekend home of the Kaufmann family from 1937 until 1963, when the house, its contents and grounds were presented to the Western Pennsylvania Conservancy by Edgar Kaufmann Jr. Fallingwater is the only remaining great Wright house with its setting, original furnishings, and artwork intact.

We then visit Frank Lloyd Wright's Kentuck Knob, which bears eloquent testimony to his genius. Dramatic yet serene, the home blends into the mountain against which it stands. It looks out on a breathtaking panorama of the Youghiogheny River Gorge and surrounding mountains. Kentuck Knob is a refinement of Wright's core principles of organic architecture. Designed in 1953 for the I.N. Hagan family, it was constructed by skilled local craftsmen. With an open plan based on a hexagonal grid it is constructed entirely of tidewater red cypress and native fieldstone. These stone walls not only visually anchor the house's two wings but also rise to penetrate the horizontal line of its copper roof. Its open floor plan, cantilevered overhangs and great expanses of glass artfully integrate outdoor and indoor spaces. Its expansive yet intimate interior is furnished to the tastes of its current owners, Lord and Lady Palumbo, dedicated patrons of the arts. A sculpture park has been integrated into the woodlands and informal gardens surrounding the house. It features 35 sculptures by masters such as Andy Goldsworthy, Harry Bertoia, Claes Oldenburg, Ray Smith, Michael Warren and Sir Anthony Caro.

We return to Pittsburgh, and this evening enjoy a farewell dinner at a local restaurant. (Overnight Pittsburgh) BD

## Physical Endurance & Practical Information

Physical Ratings 

The number of flags is a guide to the degree of difficulty of ASA tours relative to each other (not to those of other tour companies). It is neither absolute nor literal. One flag is given to the least taxing tours, seven to the most. Flags are allocated, above all, according to the amount of walking and standing each tour involves. Nevertheless, all ASA tours require that participants have a good degree of fitness enabling 2-3 hours walking or 1-1.5 hours standing still on any given site visit or excursion. Many sites are accessed by climbing slopes or steps and have uneven terrain.

This 18-day Art and Architecture in the USA tour involves:

- Exploring Chicago, Boston, New York and Washington DC on foot.
- Extensive walking daily (up to 5km per day), and standing during museum and other site visits.
- Use of the New York, Boston and Washington DC subway system where participants may need to negotiate many stairs.
- 3- & 4-star hotels with four hotel changes.
- You must be able to carry your own hand luggage. Hotel portage includes 1 piece of luggage per person.

It is important to remember that ASA programs are group tours, and slow walkers affect everyone in the group. As the group must move at the speed of the slowest member, the amount of time spent at a site may be reduced if group members cannot maintain a moderate walking pace. ASA tours should not present any problem for active people who can manage day-to-day walking and stair-climbing. However, if you have any doubts about your ability to manage on a program, please ask your ASA travel consultant whether this is a suitable tour for you.

**Please note:** it is a condition of travel that all participants agree to accept ASA's directions in relation to their suitability to participate in activities undertaken on the tour, and that ASA retains the sole discretion to

direct a tour participant to refrain from a particular activity on part of the tour. For further information please refer to the ASA Reservation Application Form.

## Declaration

I declare that: I have read and understood the ASA Tour Itinerary, Reservation Application and Booking Conditions. I am aware of ASA's terms as relating to refunds, cancellations, responsibility and liability. I understand that ASA relies upon this declaration when considering this Application. I accept the inherent dangers, risks and uncertainties in travel and those beyond ASA's control and understand they may occur before or during any tour. I have made full and complete disclosure and have not knowingly withheld any medical information about myself from ASA. I have completed this Reservation Application honestly and accurately. I warrant that I am able to participate independently in all activities described by ASA in the itinerary without assistance from any person.

I will advise ASA in writing if any aspect of my fitness and or health conditions change materially at any time before my departure date. I understand and accept that the itinerary, accommodation and lecturers scheduled for this tour may change.

I agree and consent that ASA may give my personal information in this Reservation Application to tour service providers and relevant authorities as required by law, but only for the purpose of making bookings with and engaging services associated with the tour. I understand that if I do not consent to the use of my personal information for this purpose, ASA will decline my Reservation Application.

In consideration of ASA's acceptance of my Reservation Application, I irrevocably release and indemnify ASA from all claims that I, or any other party, may have against ASA its employees, invitees, agents and contractors, however arising in respect of any loss, damage, injury, death or expense incurred in the course of booking, preparing for, travelling to, on and from or cancelling any tour.

I release and indemnify ASA with respect to:

1. Every general risk to which I or my personal belongings may be exposed in the course of preparing for, travelling to, on or from any ASA tour;
2. Every special risk, in particular medical risks, to which I may be exposed in the course of preparing for, travelling to, on or from any ASA tour arising from, including, but not limited to:

## Limitation of Liability

ASA is not a carrier, event or tourist attraction host, accommodation or dining service provider. All bookings made and tickets or coupons issued by ASA for transport, event, accommodation, dining and the like are issued as an agent for various service providers and are subject to the terms and conditions and limitations of liability imposed by each service provider. ASA is not responsible for their products, services, terms and conditions. If a service provider cancels or does not deliver the product or service for which you have contracted, and does not give a refund, your remedy lies with the service provider, not ASA.

ASA will not be liable for any claim (e.g. sickness, injury, death, damage or loss) arising from any change, delay, detention, breakdown, border closures, cancellation, failure, accident, act, omission or negligence of any tour service provider or authority however caused (contingencies). You must take out such travel insurance as is available against such contingencies.

ASA's liability in respect of any tour cancelled or changed will be limited to the partial refund of amounts you have paid, less an administration fee of \$500 and other costs and charges of third party service providers. No compensation will be payable to you by ASA where ASA cancels or changes a tour, or any part of a tour.

ASA reserves the sole discretion to cancel any tour or to modify itineraries in any way it considers appropriate and in the best interests of health, safety and wellbeing of tour participants. Tour costs may be revised, subject to unexpected price increases or exchange rate fluctuations.
