Overview

“The Baltics are an undiscovered jewel for anyone concerned with history, art, architecture and culture. Long the focus point of battles between East and West in Europe, their cities, heritage and large areas of countryside have remained remarkably intact despite a half-century of Soviet occupation.” Dr Uldis Ozolins

- Enthusiastic advocate of Baltic culture, [Dr Uldis Ozolins](#), who will be assisted by [Olga Ipatova-Ignatjeva](#), unveils the dramatic histories of Lithuania, Latvia and Estonia, from the Teutonic Knights to Glasnost and beyond.
- Explore the UNESCO World Heritage-listed capital cities of Baroque Vilnius, Art Nouveau Riga & medieval Tallinn, as well as lovely Kaunas and Tartu.
- In Vilnius, capital of a once-vast duchy stretching to the Black Sea, stroll through its Baroque streets; visit the richly-decorated library of its ancient university; and view the church of St Anne, a masterpiece of Late-Gothic architecture.
- Traverse Lithuania’s unspoilt, picturesque meadows framed by deep forests and defended by formidable medieval citadels like Trakai Castle, home of an army of anti-rabbinical Karaite Jews.
- In Kaunas, the inter-war capital of Lithuania, enjoy a walking tour of the old city, centred on the Town Hall Square surrounded by 16th-century German merchant houses.
- In Riga encounter one of the finest Art Nouveau precincts in Europe and visit the Art Nouveau Museum, actually the apartment of the famous Latvian architect of this style, Konstantins Peksens.
- Riga and Tallinn are graced with soaring brick-and-stone Gothic churches whose tall towers served as beacons for medieval merchant shipping. Visit their richly-decorated guildhalls and merchant centres, with high-gabled Renaissance warehouses inflecting their colourful streetscapes.
- In Tartu, often considered the cultural capital of Estonia, visit the university founded in 1632, and the Estonian National Museum.
- Visit Latvia’s reconstructed primitive floating-fortress village, Lithuania’s extraordinary Hill of Crosses at Siauliai, and Estonia’s Gauja National Park containing a genuine curiosity – an intact Soviet Army bunker used by the Baltic Area Command.
- Visit fine Estonian country estates. Rundale Palace, designed by famous St. Petersburg Baroque architect Rastrelli, rivals his masterpieces at Pushkin and Peterhof. Meanwhile, classical Palmse and Sagadi manors, built by Baltic German barons, match the best of Georgian England.

Testimonials

The Tour Leaders were both terrific and their combined knowledge of the history of the region was extensive. All three countries and their capital cities were delightful and the itinerary was varied and interesting. I now feel I have a much better understanding of some of the more recent history of the region and the impact that has had on the people. The accommodation was comfortable with standout hotels in both Riga and Tallinn, and the group was friendly and easy to spend 2 weeks with. Roberta, NSW.

My Baltic tour surpassed expectations and Uldis’ lectures were very thought provoking. Both he and Juris worked so well together and were always ready to answer our questions. I feel I now have a very good understanding of this part of the world. Pat, NSW.

Day 2: Wednesday 30 June, Vilnius

- Gediminas Castle Tower
- Vilnius Cathedral
- Bishop's Palace (exterior only)
- Vilnius University
- St John's Church

We begin our exploration of Vilnius with a climb by funicular to the Gediminas Castle Tower which looks over the old city as a lasting symbol of the strength of Vilnius' founder. It offers a majestic perspective over the billowing curves of the Baroque centre of the city. The tower houses a small museum which includes models of Vilnius castles from the 14th to the 17th centuries.

From there we descend into the heart of the city, beginning with the Cathedral – originally built on ancient pagan grounds by Mindaugas, the first Grand Duke to convert to Christianity. The present neo-classical Cathedral, with its Doric columns and Baroque statues of Abraham, Moses and the four evangelists, was built by architect Laurynas Stuoka-Gucevicius in the late 18th century. Next to the Cathedral stands the somewhat controversially reconstructed Duke's Palace, which was leveled in the 19th century to make way for a marketplace.

After lunch we pass the Bishop's Palace, where Napoleon stayed on his way to Moscow in 1812. We tour the courtyards of Vilnius University, cultural and intellectual heart of the city and an important centre of learning in eastern Europe, founded by the Jesuits in 1570. The University's beautiful St John's Church was built in 1387, soon after Lithuania's conversion to Catholicism. While celebrating its 440th anniversary, Vilnius University will be arranging a special opening of the Rectors Hall which is decorated with frescoes by Antanas Kmieliauskas. (Overnight Vilnius) B

Day 3: Thursday 1 July, Vilnius

- Gates of Dawn & Church of St Theresa
- Walking tour of the Old Town & the Amber Museum
- Afternoon at leisure

Today we continue our exploration of the cosmopolitan capital of the Grand Duchy of Lithuania at its height. We begin with an early morning walk to the Gates of Dawn, the only remains of fortifications built against the invading Tartars and transformed in 1671 into a beautiful Carmelite Chapel. The interior was refurbished in neo-classical style in the 19th century.

From there we walk through the old town, passing the oldest Baroque church in Vilnius, named after the city's patron saint, Casimir. Exquisitely beautiful, it was ironically used by the Soviets as a museum of atheism. Numerous Orthodox Churches scattered throughout the city testify to a strong eastern cultural heritage. We also pass the oldest surviving church in Vilnius, the Gothic St Nicholas', built by German merchants before Lithuania's conversion to Catholicism, and explore Vilnius' civic buildings including the Town Hall, a stately baroque edifice that was designed by Stuoka Gucevicius, architect of the Vilnius Cathedral, after the 16th-century original was destroyed by fire. We end our tour of the old town with a visit to the Amber Museum. Of the many varieties of amber found in the Old World, the most plentiful today, as in antiquity, is Baltic amber which comes mainly from around the shores of the Baltic Sea.

The afternoon will be at leisure. You may wish to visit the State Jewish Museum Holocaust Centre or the Museum of Genocide Victims (in the former KGB building). (Overnight Vilnius) B

Kaunas, Lithuania - 2 nights

Day 4: Friday 2 July, Vilnius – Trakai – Kaunas

- Church of St Peter and St Paul
- S. Shapshal Museum of Karaim Nation
- Island Castle and Trakai History Museum

We begin the day with a visit to the Baroque church of St Peter and St Paul, commissioned in 1668 by Michael Casimir Pac, Grand Hetman of the Lithuanian armies. The interior is spectacularly decorated with over two thousand stucco mythological and biblical figures and Lithuanian battle scenes.

As we drive out of Vilnius we pass the former KGB headquarters, and the Parliament building, where evidence still remains of the 1991 barricades when Lithuanians civilians defending strategic objects were attacked by Soviet troops as Moscow tried unsuccessfully to quell the Baltic independence movements.

Before Vilnius became the capital of Lithuania in 1323 under Gediminas, the Grand Duchy of Lithuania was centred at Trakai, 27km to the west. We depart Vilnius in the late morning for its medieval forebear, which currently stands within a National Park overlooking Lake Galve, and visit the famous red brick Island Castle built by Vytautas the Great to celebrate his defeat of the German Crusaders of the Teutonic Order in 1410. The present castle houses a museum on the history of the Grand Duchy. Trakai also contains the ruins of two further castles, and is notable for the continuing presence of a small group of Turkic Karaite Old Testament believers. Originally invited to Lithuania by Vytautas as bodyguards because of their massive stature, the Karaites trace their history to an 8th-century Persian named Anan ben David, who founded an anti-rabbinical sect that rejected both oral tradition and the Talmud. Only a few hundred Karaites remain in Lithuania, and their Kenesa and distinctive wooden houses are a notable feature of Trakai. The S. Shapshal Museum of Karaim Nation contains illuminating material on the history and life and applied arts of the Karaites, one of Lithuania's ethnic minorities. After visiting Trakai, we continue on to Kaunas, Lithuania's second largest city and a major rival to Vilnius. (Overnight Kaunas) B

Day 5: Saturday 3 July, Kaunas

- Guided Tour of Officers Club Ramovė
- Laisves Aleja
- Resurrection Church
- M.K. Ciurlionis State Art Museum
- Walking Tour: Kaunas Old Town

Just a short walk from the hotel, we begin today with a guided tour of the Officers Club Ramovė, which is one of the most luxurious buildings built in Kaunas in the inter-war period. This building, adorned with decorative motifs, has a fantastic largely art deco and national romantic interior. Inside we will find a restaurant, a ballroom and theatre, representation rooms and even a small museum. A notable feature to look out for is the unique hand-crafted furniture in the Presidential Chamber, a representative example of Lithuanian furniture.

Kaunas, the inter-war capital of Lithuania, combines a well-preserved old town with a decidedly modernist outlook from the 1920s. We begin the day with a walk along the Laisves Aleja, Freedom Avenue, the leafy main thoroughfare of the new town. At one end stands a Monument to Vytautas the Great. Standing over four defeated soldiers: a Russian, a Pole, a Tartar and a German crusader with a broken sword, he symbolises the might of the 14th-century Grand Duchy. At the far end of the avenue stands the formerly Orthodox Church and now Catholic Church of St Michael, a perfectly symmetrical, blue, neo-Byzantine church. Built at the end of the 19th century, it presents us with a contrasting symbol of Russian domination. Between them, the bustling Freedom Avenue serves as a reminder of Lithuania's current independence and growing prosperity.

Next we climb the stairs to the astonishing functionalist Resurrection Church, begun in the 1930s but only recently completed. From its promenade roof we gain a spectacular view of the region.

The morning ends with a visit to the M.K. Ciurlionis Art Gallery, which contains almost all the surviving works by the Lithuanian mystic and modernist painter and composer. His legacy, both in music and in painting, is a remarkable expression of Lithuanian culture.

We devote the afternoon to a walking tour of the old city of Kaunas, centred on the Town Hall Square surrounded by 16th-century German merchant houses. The Kaunas Town Hall itself is known as 'The White Swan' for the elegance of its late Baroque and early classical architecture and its graceful tower. We visit the Cathedral – the only Gothic church of basilican design in Lithuania, the Gothic Vytautas Church – built by Franciscan monks in the early 15th century, and the warehouses and merchant houses of the old town. The most impressive of these is the Perkunas House, a 15th-century Gothic building which historians argue was either a Jesuit chapel or the Hansa office of Kaunas, and romantics believe was a temple to Perkunas, god of thunder. (Overnight Kaunas) B

Riga, Latvia - 4 nights

Day 6: Sunday 4 July, Kaunas – Hill of Crosses – Rundale – Jurmala Coast – Riga

- Hill of Crosses, Siauliai
- Rundale Palace
- Jurmala Coast

In the early morning we drive to the Hill of Crosses just north of Siauliai, a spontaneous and moving religious shrine of folk art believed first mentioned in the 15th century. Tens of thousands of wooden crosses fill the hillside with a testimony to the symbolic power of Lithuanian Catholicism.

We then drive the short distance across the Latvian border to Rundale Palace, considered by many to be the most important architectural monument in the Baltics. Construction began on the palace in 1736 for Ernst Johann von Bühren, Duke of Courland, under the direction of Italian architect Francesco Bartolomeo Rastrelli. In 1738 Rastrelli began work on another palace for Bühren, at Jelgava, the seat of the Duchy of Courland. Although work on the two palaces was halted with Bühren's exile to Siberia in 1740, and not taken up again until he returned to favour under Russian Empress Catherine II in 1763, the structural work had been completed and offers an impressive example of early St Petersburg Baroque architecture on a grand scale. Over forty rooms of the Rundale Palace have been restored to their original 18th-century interiors, and we take a guided tour of the palace, with its Golden Hall with beautifully decorated ceilings and chandeliers, Grand Gallery, intricately stuccoed White Hall, Room of Roses and private apartments. We take lunch at the palace café.

Next, we drive past the second of the two palaces in Jelgava, now the Latvian Agricultural University. The nearby Orthodox Church of St Simeon and St Anna, magnificently restored, was also designed by Rastrelli and contains an altar piece by Riga artist Janis Rozentals.

In the afternoon we drive to the port of Riga via the Jurmala Coast. The Jurmala coast offers an unspoilt stretch of beaches giving us our first view of the Baltic Sea. (Overnight Riga) BL

Day 7: Monday 5 July, Riga

- Walking Tour: Riga Old Town
- Mentendorff House
- Brothers' War Cemetery
- Ethnographic Open Air Museum

Riga was founded by Bishop Albert in 1201, and joined the Hanseatic League in 1282, thriving on trade across the Baltic Sea. Riga has been an important city ever since its founding as a major Hanseatic port, once the third largest city in the Swedish Empire, and a Russian outpost. Our exploration of the old city begins with the 13th-century city walls, including the well preserved Powder Tower and Riga Castle. During our stay we walk through medieval streets filled with Hanseatic warehouses, guildhalls and Gothic and Baroque churches such as the Dome cathedral. Our morning's program concludes with a visit to the beautifully restored Mentzendorff House. Once belonging to a wealthy Riga merchant, it now offers a reconstruction of life in the 17th and 18th centuries.

After a lunch break, we depart by coach and travel to the outskirts of Riga where we briefly visit the striking Brothers' Cemetery, constructed to commemorate those who fell in World War I and the ensuing War of Independence. We then continue to the Ethnographic Open Air Museum, opened in 1932 and now covering 100 hectares with a vast heritage collection of Latvian rural villages, farmhouses, windmills, pubs, equipment and domestic material, including complete homesteads from various regions. (Overnight Riga) B

Day 8: Tuesday 6 July, Riga

- Walking Tour: Jugendstil (Art Nouveau) Architecture
- Riga Art Nouveau Museum
- Latvian National Museum of Art
- Occupation Museum

This morning we commence a walking tour of Riga's magnificent and distinctive Jugendstil (Art Nouveau) architecture. Almost a third of the surviving buildings of central Riga were built in Art Nouveau style between 1896 and 1913, many incorporating traditional Latvian folk elements into a variation that became known as National Romanticism. The most extravagant buildings are found in Albert Street, a number of them designed by Mikhail Eisenstein, father of film-maker Sergei. It is here that we visit Riga's new Art Nouveau Museum, actually the apartment of the famous Latvian architect of this style Konstantins Peksens (1859-1928). In a period of vigorous creativity, architects like Peksens and Eisenstein, father of the great film-maker, experimented freely with a wide variety of forms, marrying figurative sculpture to architecture in new, highly innovative ways. Leading to the rooms of Peksens's apartment is one of Europe's most fascinating and aesthetically successful spiral staircases. Within the apartment, you'll enjoy a wonderfully restored interior with its original fittings and furniture. It will provide insights not only into the aesthetics of Rigan art nouveau, but also into the lifestyles of the city's *fin de siècle* innovators.

This afternoon we visit the Latvian National Museum of Art, one of the most beautiful architectural monuments in Riga and the largest depository of professional art in Latvia. The museum has recently been entirely renovated, restored and enlarged. The Museum's new permanent collection offers a comprehensive exposé on Latvian art in both the 19th and 20th centuries, with emphasis on the various stylistic periods and the artists who were instrumental.

We then proceed to the Occupation Museum, which was established as the Soviet Union crumbled and Latvia regained its independence in 1991. The Occupation Museum has taken over the ugly Communist era museum, from Red Army soldiers previously ensconced there. The Museum displays strong material on the effects of Soviet policies from 1940 to 1991, including mass deportations, executions and long-term suppression of Latvian political and cultural life. (Overnight Riga) B

Day 9: Wednesday 7 July, Riga

- House of the Blackheads

- Afternoon at leisure

In the morning we continue our walking tour through parts of Riga's Old Town. We visit the House of the Blackheads, dating from 1334. The Blackheads were an association of bachelor merchants in Riga and Tallinn who became a powerful trading force in the Baltic States. The current building is a restoration of the original, destroyed in the Second World War, and now houses a small museum.

The afternoon is at leisure. (Overnight Riga) B

Tartu, Estonia - 1 night

Day 10: Thursday 8 July, Riga – Gauja National Park – Araisi – Cesis – Tartu

- Ligatne Soviet Army command centre bunker
- Araisi floating fortress
- Cesis
- Evening meal at the Hotel Antonius A La Carte Restaurant

We drive from Riga through the picturesque, undulating Gauja National Park to visit a genuine curiosity – an intact Soviet Army bunker used by the Baltic Area Command when this region was heavily militarised and one of the closest points of the Soviet Union to the west. This bunker remained intact when the Soviet Army rapidly withdrew in the 1990s, and has recently been opened to the public.

We then proceed to Araisi, a reconstructed fortress that floats on logs in the middle of a lake. Archaeologists discovered this fortress submerged but recognisable, and the original is believed to have dated from the 10th century, giving a glimpse of life of the Latvian tribes here before Western European invasion of this region. We continue our drive a short distance to Cesis, where we will take lunch, and enjoy a walk around one of Latvia's most beautiful towns. Cesis is known as a favourite spot for painters, and is incidentally also the beer capital of Latvia. After lunch we drive 300 kilometres north-east to the university town of Tartu.

Tonight we dine at the cellar restaurant of Hotel Antonius. The Antonius restaurant's vaulted arch ceilings are adorned with rare frescoes and its atrium recreates the elegant atmosphere of a rose garden. (Overnight Tartu) BD

Tallinn, Estonia - 4 nights

Day 11: Friday 9 July, Tartu – Tallinn

- Walking Tour: Town Hall Square & St John's Church, Tartu
- University of Tartu
- Estonian National Museum

Tartu's quiet charm reveals a distinctively Estonian city, centred on Tartu University, the cultural and intellectual heart of the nation since its foundation as the second university of the Swedish Empire. We begin the morning with a walk around the town centre, beginning with the Town Hall Square, and the Gothic St John's Church.

Within the University we visit Tartu Art Gallery, including the beautiful Assembly Hall and student lockups – where a student would have spent two days for returning a library book late.

After lunch, we visit the Estonian National Museum. Located on the grounds of what was once a Soviet military airfield, the museum traces the history, life and traditions of the Estonian people and presents the culture and history of other Finno-Ugric peoples and minorities in Estonia. The 34,000-square-metre museum is the largest in the Baltic States and its collections chart Estonia's history and culture from the Stone Age to the present day.

In the late afternoon we continue north to the capital, Tallinn, on the shores of the Baltic Sea. (Overnight Tallinn) B

Day 12: Saturday 10 July, Tallinn

- Walking Tour of Old Tallinn: City Walls and Towers, Toompea: Tallinn Cathedral, Parliament Building, (Tallinn Castle), Alexander Nevsky Cathedral
- Church of St Nicholas and Niguliste Museum
- Walking tour of Lower City: Town Hall & Apothecary, Pikk

Like Riga, Tallinn joined the Hanseatic League towards the end of the thirteenth century and flourished on Baltic trade. Largely built by foreign interests, it looks outwards towards the waters of the Baltic Sea. 17th- and 18th-century Swedish and German merchant houses embellish its medieval foundations, and Russian summer palaces lend a touch of grandeur. In the morning we take a walking tour of the old city, exploring its medieval streets, the surviving towers and gates of the city walls, and the warehouses and merchant houses of the lower town.

We begin our walking tour by climbing the Toompea to visit the Cathedral and Tallinn Castle. Nearby the neo-classical (and pink!) Estonian Parliament House provides a striking counterpoint to the Orthodox Alexander Nevsky Cathedral facing it across the street. The Cathedral was built at the end of the 19th century as a symbol of Russia's domination of Tallinn, and named after Nevsky, who conquered much of Estonia in the 13th century. We also visit the St Nicholas Church, now a concert hall and home to the Niguliste Museum, which contains a small but valuable art collection preserved from the destruction of the Second World War.

In the afternoon we explore the lower town, including the Town Hall Square and Europe's oldest apothecary, dating from 1422, and walk along streets of the lower town including Pikk with its mix of architecture from medieval to Jugendstil. (Overnight Tallinn) B

Day 13: Sunday 11 July, Tallinn – Lahemaa National Park – Tallinn

- Lahemaa National Park: Palmse Manor, Sagadi Manor, Altja

Today we travel by coach through Lahemaa National Park, an unspoilt coastal region of forests and farmland, preserved by the Soviets as a buffer to the Baltic Sea, and home to a number of classical 18th-century manor houses built by German nobles and merchants from Tallinn. The most impressive and best restored is at Palmse, a memorial to the von der Pahlen family. The manor and surrounding gardens were begun in the late 17th century, but not finished until 1740 because of the intervening war between Sweden and Russia. We take lunch in Altja, a small fishing village on the shores of the Baltic with traditional wooden architecture and a fine inn. We then visit the Sagadi Manor, built in quite a different style to Palmse, to see the diversity of German settlement and industry in this region. Sagadi also houses a small but valuable forestry museum. (Overnight Tallinn) BL

Day 14: Monday 12 July, Tallinn

- Pirita harbour – Song Festival Amphitheatre, Russalka Memorial, Forest Cemetery & Kadriorg Park
- St Birgitta’s Convent
- Afternoon at leisure in Old Town
- Farewell Dinner: Mix Restaurant

We spend the morning in the Pirita harbour area, 7 kilometres to the east of the old town, which is a green band of beaches, parks, palaces (some dating back to the time of Peter the Great), museums and monuments. We visit the Song Festival Amphitheatre, site of the huge song festivals held regularly in Estonia, the ‘Russalka’ memorial in the form of an angel pointing out to sea to mark the loss with many lives of a Russian ship, and the beautiful Forest Cemetery, where Estonian notables are buried. We stroll through Kadriorg Park, whose centrepiece is Kadriorg Palace, built following Peter the Great’s visit to Tallinn in 1718 by Italian architect Niccolo Michetti. It is now home to the Estonian President.

After briefly visiting the beach and boat harbour, we take a guided tour of the ruined convent of St Birgitta, destroyed in a siege in 1577 but still with one massive end-wall standing, and its extensive layout retraced. We return to the old town around lunchtime for a free afternoon.

Tonight we enjoy a farewell dinner together at Mix Restaurant, offering modern Estonian dishes and located in the Old Town. (Overnight Tallinn) BD

The purpose of seeking this information is to assist ASA to determine, where necessary, whether ASA is able to make reasonable adjustments to accommodate your specific needs and whether your health and safety (or that of your fellow travellers) is likely to be compromised given your choice of tour. It will also assist you and ASA if you fall ill or have an accident whilst travelling.

- ASA reserves the right to decline your Reservation Application if this Medical Information section is not completed properly and may reject or cancel your reservation, or terminate your participation on any tour, if ASA subsequently learns that you have failed to make full and proper disclosure.
- ASA is committed to protecting the privacy of your personal information. ASA's privacy policy is available for viewing at www.asatours.com.au
- If ASA has any concerns about the information you have provided, it will contact you to request clarification before considering your Application.
- ASA requires you to consider carefully your limitations in light of ASA's Physical Endurance Star Rating System in ASA's Brochure and Itinerary when choosing your tour.
- If you are not likely to satisfy ASA's Participation Criteria (see below), ASA, in its sole discretion, may reject your Reservation Application.
- It is a condition of your tour that you agree to accept the directions of ASA's Tour Leaders in relation to your suitability to participate in activities planned on tour.
- ASA reserves the right to cancel your participation on a tour if your behaviour is in ASA's opinion causing undue distress or damage to any person or their property.
- If your participation is discontinued during a tour, ASA will assist by arranging your onward travel (if required) at your own cost, but you will not be refunded for forfeited parts of the tour.
- ASA tour groups are not accompanied by a medical practitioner. ASA recommends that you see your doctor for advice about your specific needs while overseas. You may also wish to contact a travel and vaccination clinic for advice. www.traveldoctor.com.au tel: 1300 658 444; www.travelvax.com.au tel: 1300 360 164.
- Travel insurers require you to declare all existing medical conditions.

Participation Criteria

To participate in an ASA tour, you must be reasonably fit, in good health and able to participate in all activities without assistance from Tour Leaders or other tour members. **You must also be fully vaccinated against Covid-19.** If you require assistance, a fit and able travel companion must undertake to accompany and assist you with all tasks for the duration of the whole tour. The responsibility of the Tour Leader is to ensure that the larger group enjoys a relaxing and informative journey, and he or she cannot be relied upon to provide ongoing individual assistance to any one guest.

Declaration

I declare that: I have read and understood the ASA Tour Itinerary, Reservation Application and Booking Conditions. I am aware of ASA's terms as relating to refunds, cancellations, responsibility and liability. I understand that ASA relies upon this declaration when considering this Application. I accept the inherent dangers, risks and uncertainties in travel and those beyond ASA's control and understand they may occur before or during any tour. I have made full and complete disclosure and have not knowingly withheld any medical information about myself from ASA. I have completed this Reservation Application honestly and accurately. I warrant that I am able to participate independently in all activities described by ASA in the itinerary without assistance from any person.

I will advise ASA in writing if any aspect of my fitness and or health conditions change materially at any time before my departure date. I understand and accept that the itinerary, accommodation and lecturers scheduled for this tour may change.

I agree and consent that ASA may give my personal information in this Reservation Application to tour service providers and relevant authorities as required by law, but only for the purpose of making bookings with and engaging services associated with the tour. I understand that if I do not consent to the use of my personal information for this purpose, ASA will decline my Reservation Application.

In consideration of ASA's acceptance of my Reservation Application, I irrevocably release and indemnify ASA from all claims that I, or any other party, may have against ASA its employees, invitees, agents and contractors, however arising in respect of any loss, damage, injury, death or expense incurred in the course of booking, preparing for, travelling to, on and from or cancelling any tour.

I release and indemnify ASA with respect to:

1. Every general risk to which I or my personal belongings may be exposed in the course of preparing for, travelling to, on or from any ASA tour;
2. Every special risk, in particular medical risks, to which I may be exposed in the course of preparing for, travelling to, on or from any ASA tour arising from, including, but not limited to:

Limitation of Liability

ASA is not a carrier, event or tourist attraction host, accommodation or dining service provider. All bookings made and tickets or coupons issued by ASA for transport, event, accommodation, dining and the like are issued as an agent for various service providers and are subject to the terms and conditions and limitations of liability imposed by each service provider. ASA is not responsible for their products, services, terms and conditions. If a service provider cancels or does not deliver the product or service for which you have contracted, and does not give a refund, your remedy lies with the service provider, not ASA.

ASA will not be liable for any claim (e.g. sickness, injury, death, damage or loss) arising from any change, delay, detention, breakdown, border closures, cancellation, failure, accident, act, omission or negligence of any tour service provider or authority however caused (contingencies). You must take out such travel insurance as is available against such contingencies.

ASA's liability in respect of any tour cancelled or changed will be limited to the partial refund of amounts you have paid, less an administration fee of \$500 and other costs and charges of third party service providers. No compensation will be payable to you by ASA where ASA cancels or changes a tour, or any part of a tour.

ASA reserves the sole discretion to cancel any tour or to modify itineraries in any way it considers appropriate and in the best interests of health, safety and wellbeing of tour participants. Tour costs may be revised, subject to unexpected price increases or exchange rate fluctuations.
