Introduction

Tasmania is an island state with inspiring scenery, fascinating history and art, beautiful gardens, quaint historic villages and delicious food and wine. The island is positioned in the Southern Ocean, 240km south of the Australian continent and divided from it by Bass Strait. It has many micro-climates including rugged mountains and forests, fertile coastal plains and river valleys. It is Australia's second oldest European settlement and there are many historic buildings and remnants of gardens from the early 19th century. The climate is much cooler than the mainland and lush, English and European style gardens thrive along with orchards of apples, stone fruit, vineyards and hops for beer.

On our journey we will discover some of Tasmania's finest spring gardens, including cottage garden gems with many cool-climate exotics, contemporary spaces with unusual use of common and unusual plants, some featuring plants native to the region, gardens that have struggled to 'tame' the environment, and thriving produce gardens. Garden owners will give us a glimpse into their lives and share their horticultural

challenges and triumphs, designers will tell us how they achieved their ideal landscape, gardening personalities will take us through their patch, and growers of food will share their tips on how they achieve bountiful harvests.

We'll sample extraordinary gourmet delights at restaurants and farms that make the most of the island's pristine growing conditions to produce quality produce like luscious cheeses, fresh seafood, plump berries, smoked paprika and honey. Tasmania's cool climate produces grapes with an intense flavour and the region specialises in delicate dry and semi-dry whites, fruit driven sparkling wines and lighter-bodied, low-tannin reds like pinot noir.

Almost 45 per cent of Tasmania lies in reserves, national parks, and World Heritage sites including the World Heritage wilderness at Cradle Mountain-Lake St Clair National Park. The breathtaking alpine forests in the central highlands of Tasmania are home to one of the island's unique animals, the Tasmanian devil. The island has picturesque villages and historic towns and the cultural life is enhanced by one of Australia's most controversial art galleries – MONA.

John Patrick will be familiar to many for his work on radio and television presenting programs relating to gardens, their plants and their history. Until recently, he was a presenter on ABC's television series *Gardening Australia*. John has also written extensively on gardens throughout the world, including articles in *Vogue Living* and *The Australian Garden Journal*. He has written thirteen books as diverse as *Trees for Town and City Gardens* and *A Brief Biography of Robert Sweet*. In 1985 he organised the opening of gardens for Victoria's Sesquicentenary which led to his involvement in the founding of what is now Australia's Open Garden Scheme. His knowledge of European history allows him to place garden history in a special context, one that reflects the social milieu in which gardens were created. His encyclopaedic knowledge of plants will give garden visits a special appeal and permit a greater appreciation of the particular environment and conditions of the garden. John has led ASA tours to New Zealand, the USA, South Africa, China, Japan, Bhutan, Spain, Portugal, Italy, France and Britain. He is an enthusiastic traveller with a special interest in the food and culture of countries he visits.

Itinerary

The following itinerary describes a range of gardens and other sites which we plan to include. Some are accessible to the public, but others require special permission which may only be confirmed closer to the tour's departure. The daily activities described in this itinerary may change or be rotated and/or modified in order to accommodate alterations in opening hours, flight schedules and confirmation of private visits. Participants will receive a final itinerary together with their tour documents prior to departure. The tour includes breakfast daily, lunches & evening meals indicated in the detailed itinerary: B=breakfast, L=lunch and D=dinner.

Hobart - 4 nights

Day 1: Saturday 19 November, Arrive Hobart

- Tour commences at 2.30pm in the foyer of the Lenna of Hobart
- Welcome Meeting
- Royal Tasmanian Botanical Gardens incl. the Tasmanian Community Food Garden
- Welcome Drinks

Meeting Point: The tour commences at 2.30pm in the foyer of the [Lenna of Hobart](#), a 19th-century sandstone mansion, which is in the historic area of Battery Point and a short stroll from Salamanca Place's Georgian warehouses that now house galleries and boutiques. Note: check-in time for the hotel is 2.00pm.

If arriving in the morning, you may wish to explore the colourful Saturday Salamanca Market located on Hobart's waterfront. You can buy some locally produced fare for lunch, or dine in a nearby café, and it's a great place to meet the artisans, watch buskers and soak up the atmosphere while you browse stalls with jewellery, handcrafted timber items, vintage collectables, pottery, plants and flowers.

Our program will officially commence this afternoon with a short welcome meeting followed by a guided tour of the Royal Botanic Gardens, including the Tasmanian Community Food Garden which was completed

in 2013 on the site of the original 'Pete's Patch' developed by gardening guru Peter Cundall. This working organic production and display garden, with a multitude of veggie production practices has a working example of the original six-bed crop rotation system made famous in the original patch. The site today is used extensively for filming on ABC television's *Gardening Australia* program.

For those who want to explore the area further, you can join John Patrick on a walk around the picturesque Battery Point. Having been settled in the early 1800's, it is full of historic character with its winding streets and colonial architecture.

We end the day with Welcome Drinks at the hotel. (Overnight Lenna of Hobart Hotel)

Day 2: Sunday 20 November, Hobart – Huon Valley – Glazier's Bay – Hobart

- Crawleighwood Nursery and Garden, Huon Valley
- Long Table Lunch at Fat Pig Farm, Glazier's Bay

Our first visit is to Crawleighwood, at Nicholls Rivulet in the Huon Valley. Here, Penny Wells and Pavel Rusicka have created a 2-hectare garden comprising rhododendrons, Japanese maples, woodland perennials, rainforest species and native Tasmanian plants. Crawleighwood contains at least one specimen of each Tasmanian conifer, including the iconic Huon pine.

Our sumptuous long table lunch will feature food grown at Fat Pig Farm in Glazier's Bay, the home of chef Matthew Evans, former restaurant reviewer and presenter of the SBS show *Gourmet Farmer*. The show is filmed at the farm and between courses we'll tour the 70-acre mixed farm which has a 1.7-acre market garden, rare Wessex saddleback pigs, beef cattle, beehives, fruit orchard and micro-dairy. (Overnight Lenna of Hobart Hotel) BL

Day 3: Monday 21 November, Hobart – Russell Falls – Lachlan – MONA – Hobart

- Russell Falls, Mount Field National Park
- Sumptuous lunch at the Agrarian Kitchen, Farm & Orchard, Derwent Valley
- [MONA – Museum of Old and New Art, Hobart](#)

This morning we drive to Russell Falls at Mount Field National Park which is part of Tasmania's World Heritage Wilderness Area. Featured on Australia's first stamp, Russell Falls consists of two vertical drops; the 20-minute return walk to the falls is on a good track and boardwalk through lovely rainforest. The walk passes through towering swamp gums and areas close to the falls are framed by stunning tall tree ferns. After the walk there will be a coffee break at the Waterfalls Café and Gallery.

We'll have a sumptuous paddock-to-plate lunch at the Agrarian Kitchen Eatery, a restaurant committed to reconnecting the kitchen with the land. The restaurant is on a 5-acre working farm with an extensive vegetable garden, orchard, berry patch and herb garden. Many heirloom plants are grown using organic principles and rare-breed Wessex Saddleback and Berkshire pigs, Barnevelder chickens, milking goats, a flock of geese and honeybees are also in residence.

This afternoon we travel to the Berriedale Peninsula and the Museum of Old and New Art (MONA), an art museum that is the antithesis of the traditional gallery. It was created to be shocking, educational and entertaining with the confronting themes of passion, death and decay explored in unflinching detail. The controversial artworks are all from the private collections of David Walsh, a mathematician and art collector who made his money perfecting algorithms that let him beat casinos and bookies at their own game.

Day 4: Tuesday 22 November, Hobart – Collinsvale – Hobart

- Allport Library & Museum of Fine Arts – with Curator Caitlin Sutton
- Presentation by botanical artist, [Lauren Black](#) at the Allport Library & Museum of Fine Arts
- Private Garden of Janette Good including lunch
- Tasmanian Museum & Art Gallery: John Glover Paintings

This morning we visit the Allport Library & Museum of Fine Arts which holds a collection of significant Tasmanian paintings of the Georgian era (including works by John Glover and a portrait of him), along with rare books, manuscripts, early photographs and furniture. Curator Caitlin Sutton will prepare for our visit a special collection of rare books and sketches. One of Allport's treasures is William Buelow Gould's *Sketchbook of Fishes*, a UNESCO document of world significance.

We also meet with Lauren Black, one of Australia's most accomplished botanical illustrators, who will show us examples of her work, and view a collection of historic Tasmanian watercolours by the renowned botanical artist Margaret Hope whose work was intended for publication in the 1880s.

We then travel to a private garden at Collinsvale, situated in the foothills of Mount Wellington and only 25 minutes from Hobart. At an elevation of 350m above sea level it is in a picturesque valley with panoramic mountain views. Once apple orchards, Janette and Jason Good started with a blank canvas over 18 years ago and have transformed this private garden into over an acre of English cottage style garden with many twisting paths, arbours, ponds and a stream. It is truly seasonal with a wide array of plants and trees. There are also lots of animals to enjoy, including chickens, ducks, a pony and donkey. Certainly a garden to relax in and take in the fresh air. Here we will have a delightful lunch in the garden.

Next we drive back to Hobart where we will see John Glover's paintings in the Tasmanian Museum & Art Gallery. It is a combined museum, art gallery and herbarium which safeguards the physical evidence of Tasmania's natural and cultural heritage, and the cultural identity of Tasmanians. TMAG is Australia's second-oldest museum and has its origins in the collections of Australia's oldest scientific society, the Royal Society of Tasmania, established in 1843. The first permanent home of the museum opened on the corner of Argyle and Macquarie streets in 1863 and the museum has gradually expanded from this corner to occupy the entire city block. [Freycinet National Park \(Coles Bay\) - 1 night](#)

Day 5: Wednesday 23 November, Hobart – Broadmarsh – Freycinet National Park

- Private Garden of Susan McKinnon, Moonah
- Weston Farm, near Broadmarsh

This morning we visit two private gardens designed by Susan McKinnon within the suburbs of Hobart. One is her own large suburban garden that was developed from scratch over the last 22 years and contains a mandala vegetable garden, complete with chook dome in the centre of the garden, perennials and ornamental grasses, a small woodland garden, bespoke glasshouse and espaliered fruit trees. Over many years, she has collected unusual and interesting plants which feature in her garden.

Nearby is Weston Farm, a small family business specialising in exquisite Peony roses, award-winning extra virgin olive oil and fresh farm produce. Horticulturist-turned-farmer Richard Weston and his wife

Belinda purchased the farm in 1992 and transformed a bare 5.3-hectare property, about 30 minutes north of Hobart, into a successful mixed enterprise. In 2012 Richard was awarded the prestigious 2012 Nuffield Scholarship sponsored by Impact Fertilisers and the Tasmanian Government to investigate white asparagus production for the gourmet market, and in 2016, Weston Farm won the Delicious Produce Awards for their Smoked Paprika.

Richard and Belinda will show us their beautiful working farm, where everything conforms to organic and sustainable farming practices. Beyond the house and vegetable garden is the olive grove and open fields of peonies which will be at their peak when we visit. Weston Farm has over 30 different varieties, colours and forms, varying from soft voluptuous double pinks, dramatic bright crimson, delicate single whites, antique semi double corals and everything in between. They send them all over Australia as they are one of the favourite flowers of brides.

We shall then enjoy a lunch in the garden and sample some of the fresh farm produce that the family grows for fine restaurants such as The Source at MONA and their own café, Pigeonhole, in Hobart.

In the late afternoon we continue our drive to the Freycinet Lodge at Coles Bay, located within the Freycinet National Park and overlooking Great Oyster Bay. (Overnight Freycinet Lodge, Freycinet National Park, Coles Bay) BLD

Launceston - 3 nights

Day 6: Thursday 24 November, Freycinet National Park – Wineglass Bay – Ross – Launceston

- Boat Cruise around Freycinet Peninsula to Wineglass Bay
- Historic town of Ross incl. Ross Bridge

Today we take a cruise around the Freycinet Peninsula to Wineglass Bay. The waters surrounding Freycinet National Park are home to diverse and remarkable wildlife such as sea eagles roosting on the granite cliffs, dolphins, cormorants and Australian fur seals. We might see whales, such as the humpback and southern right, as they migrate between September to December and May to July. Diverse birdlife to be spotted includes albatross, shearwaters, diving gannet and little penguins. We will enjoy lunch on the boat.

After the boat cruise we travel north to the Peppers Seaport Hotel in Launceston, a waterfront hotel built on a former dry dock at the confluence of the North Esk, South Esk and Tamar Rivers. En route we make a short stop in the historic town of Ross. Located in the Midlands, on the Macquarie River, it is noted for its historic bridge completed in 1836 by convict labourers and designed by architect John Lee Archer, and for its original sandstone buildings. (Overnight Peppers Seaport Hotel, Launceston) BL

Day 7: Friday 25 November, Launceston – Legana – Westbury – Launceston

- Queen Victoria Art Gallery (QVMAG): guided tour (by special appointment)
- Queen Victoria Art Gallery (QVMAG): [Archie 100 tour: Century of the Archibald Prize](#)
- Lunch at Timbre Kitchen, Legana
- Private garden of Peter Wright, Westbury

Today we begin with a visit to the Queen Victoria Art Gallery. As part of its 130th birthday celebrations QVMAG launched a new flagship exhibition at the Art Gallery. The exhibition deploys a dynamic and immersive mix of old and new art, which brings the histories, identities and stories of Northern Tasmania into a fresh and contemporary context. Colonial artists such as John Glover, William Piguenit, Gladstone

Eyre, Joshua Higgs & Robert Dowling are represented as are Australian artists Ben Quilty, Tom Roberts, Fred Williams & Rick Amor. We also view the touring exhibition from the Gallery of NSW which celebrates the 100th birthday of Australia's oldest and most-loved portrait award, the Archibald Prize.

We enjoy lunch at Timbre Kitchen which is nestled in the heart of Tasmanian wine country in the Tamar Valley. Situated among Tasmania's oldest cabernet sauvignon wines, Chef Matt Adams offers a wide variety of gourmet food made from local produce.

This afternoon, we visit the private garden of Peter Wright in Westbury. This is a designed new garden with pavilions and axis, and 40 year old English trees over three acres. Peter is 100% off grid and has built his whole garden around an empty space where his house has been constructed. (Overnight Peppers Seaport Hotel, Launceston) BL

Day 8: Saturday 26 November, Launceston – Evandale – Deddington – Perth – Launceston

- Strathmore Garden
- John Glover's house 'Patterdale'
- The Jolly Farmer, Perth

This morning, we visit the private garden of Strathmore in Evandale. It was Samuel Bryan from Dublin who built Strathmore after receiving a land grant in 1823. The house, estate buildings including a bakehouse and blacksmith shop were built with the assistance of convict labour. Strathmore has the longest mill race in the southern hemisphere, transporting water 3 kilometres from the Nile River to the lake in the front garden to power the mill. Samuel was also responsible for building the garden wall that not only provided protection from the cold southerly wind but was heated by channels running through it from the fireplace in the gardener's room. The present owners, Sue and Graham Gillon bought the 120 hectare property in 1993, and undertook the restoration of the house and development of the garden, which includes an autumn garden, red rose garden, vegetable cage, heritage rose garden, herbaceous border and a park-like area dedicated to their son Andrew.

Following this visit we travel to Deddington where John Glover built his house, 'Patterdale'. We will not only see where we painted but also the garden and landscape that inspired him. Glover Country covers an area of 4000ha, which includes the original land grants of Glover and his neighbour Robert Pitcairn of Nile Farm. The area is now listed by Heritage Tasmania as both a built and natural cultural site. Glover possibly chose this land due to its picturesque views in all directions, fertile valleys and rolling hills surrounding Nile River.

We then drive to Perth to visit the Jolly Farmer. Built in 1826, The Jolly Farmer was a popular coaching inn for most of the 19th century, situated on what was then the main road between Launceston and Hobart. It is a Georgian style building with original floors and some window panes dating from the 19th century. A private residence since 1876, the property has had a series of occupants, including poet Norma Davis in the 1940s, but few of its features have changed in 145 years. The garden surrounding the building features original trees, rare and unusual plants, exotic trees, roses and perennials, all displayed in beds defined by dry stone walls and lawn walks. The original stables can still be found in the garden. (Overnight Peppers Seaport Hotel, Launceston) BL

Cradle Mountain - 2 nights

Day 9: Sunday 27 November, Launceston – Westbury – Cradle Mountain

- Culzean Gardens, Westbury

- 'Devils@Cradle' – Tasmanian Devils Sanctuary

We begin today with a visit to the Culzean Gardens (pronounced 'cullane'), a 13-hectare property with almost 3 hectares of parklike gardens and a 3-acre lake fringed with thousands of iris. The home was built in 1840 and many significant driveway trees were planted in the 1870s. The property has hundreds of conifers and mature trees, rhododendrons and azaleas and many roses.

In the afternoon we continue our journey west to Cradle Mountain-Lake St Clair National Park, an integral part of Tasmania's World Heritage area. The region is characterised by rugged peaks, deep gorges, glacial lakes, heathlands, Button grass moors and ancient forest.

Following some time relaxing at our hotel, we'll meet Tasmania's most famous animal, the Tasmanian devil. They look cute and cuddly but have a ruffian personality. We'll also learn about the devastating facial tumour disease threatening these Tassie natives. Our early evening visit allows us to observe the amazing night-time antics of these devils at feeding time. (Overnight Cradle Mountain Hotel) BD

Day 10: Monday 28 November, Cradle Mountain – Nietta – Cradle Mountain

- Dove Lake Park Explorer Tour at Cradle Mountain-Lake St Clair National Park including Waldheim Chalet and Weindorfers Forest Walk
- Kaydale Lodge Gardens, Nietta

Early this morning our coach takes us to Dove Lake for a visit and a chance to take some photographs of this iconic scenery. A six-kilometre track, with much of it boarded for easy walking, circles the lake under the towering shadow of Cradle Mountain. The track also meanders through the tranquil Ballroom Forest where myrtle-beech trees are festooned in moss, and Glacier Rock can also be viewed from it. We'll be on the lookout for Australia's only cold-climate deciduous tree. *Nothofagus gunnii* is also known as tanglefoot as bushwalkers sometimes get caught in its twisted, ground-hugging branches. You'll only find it in Tasmania!

We'll return briefly to the hotel before setting out for Kaydale where we will enjoy lunch in this 2-hectare garden created by two garden-obsessed generations of the Crowden family. The four gardeners have their own interests and gardens include a grand rockery with a waterfall, one of Tasmania's best collections of deciduous trees, a vegetable patch, a pear walk with 27 espaliered trees, woodlands garden with a stream and Japanese style zen garden with raked gravel and bonsai. Featured plants in November include peonies and waratah. You will marvel at the energy and enthusiasm of the younger generation as the two women create all the rock walls and stone paving. (Overnight Cradle Mountain Hotel) BLD

Launceston - 1 night

Day 11: Tuesday 29 November, Cradle Mountain – Barrington – Mole Creek – Chudleigh – Launceston

- Jennifer Stackhouse's Garden, Barrington
- Wychwood Garden, Mole Creek
- Old Wesleydale, Mole Creek
- Melita Honey Farm, Chudleigh

Jennifer Stackhouse is a renowned Australian garden writer, editor and author of several gardening books who moved from NSW in July 2014 to a one-acre garden in Tasmania's lush northwest. She was attracted by the timber Federation home set in an old garden with a small orchard and mature trees that had been lovingly planted and tended for 28 years by keen gardeners. The area she now calls home enjoys a cool

climate with high rainfall and has rich red soil. We'll be able to admire foxgloves, poppies, peonies, clematis, roses, rhododendrons and dogwoods, hear about the changes she has made and what it's like making a 'cool' change.

Many people think that Wychwood is one of Tasmania's finest garden. It was nothing more than a paddock in 1991 and today mixes sweeping borders of rare perennials and heritage roses with an outstanding contemporary design unlike any other garden we visit. The garden is a work of art with inspired planning and use of materials and plants that ranges from subtle to surprising. The most talked about and photographed feature of the 1-hectare garden is a medieval turf labyrinth but you'll also love the winding privet hedges, a heritage apple orchard with resident geese, birch copse, water features and woodland.

Old WesleyDale is a glorious English style garden that started in 2001, aided by a backdrop of mature trees and hawthorns from the 1940s that create hedges in the wider landscape. Features include a walled garden for vegetables, picking garden and glass house, a terrace garden and aviary, ha-ha walk, lake walk and an amazing sculptured elephant hedge created from honeysuckle (*Lonicera nitida*) that will have you reaching for your secateurs once you get home! The cottage gardens are some of the best in Australia and have symmetrical garden beds planted with a symphony of flowers including granny bonnets, lupins and roses.

Bees do much more than just pollinate and at Melita Honey Farm you can look into a glass-backed hive and see the queen bee laying eggs and the workers spinning the nectar into liquid gold! They produce 50 varieties of honey, nougat and 12 flavours of honey ice cream. (Overnight Peppers Seaport Hotel, Launceston) BL

Day 12: Wednesday 30 November, Launceston – Longford – Relbia – Launceston Airport

- Brickendon: A World Heritage-listed Colonial Farm Village, Longford
- Farewell Lunch at Josef Chromy Wines
- Transfer to Launceston Airport (arrival approx. 1530hrs)

Brickendon, like Woolmers, was settled by William Archer, in 1824 and has been owned and farmed by the same family for over 180 years. Members of the fifth generation of Archers are now tending the gardens. We'll see the convict buildings of the farm village and check out the roses, shrubs and some of the oldest trees in Australia including oaks, elms, pines, cedars, yews and lindens and gardens with cool climate specialty plants like old fashioned roses and clematis.

We finish our tour with a farewell lunch at Josef Chromy Wines, set among old English gardens and stands of 100-year-old oak trees, and overlooking a picturesque lake and vineyard. Acclaimed as one of Australia's top 10, the cellar door is housed in the original 1880s homestead. The restaurant matches the best local regional produce with award-winning cool climate wines.

Our tour officially concludes at the Launceston Airport, arriving at 3.30pm. BL

Physical Endurance & Practical Information

Physical Ratings 

The number of flags is a guide to the degree of difficulty of ASA tours relative to each other (not to those of other tour companies). It is neither absolute nor literal. One flag is given to the least taxing tours, seven to the most. Flags are allocated, above all, according to the amount of walking and standing each tour involves. Nevertheless, all ASA tours require that participants have a good degree of fitness enabling 2-3 hours walking or 1-1.5 hours standing still on any given site visit or excursion. Many sites are accessed by climbing slopes or steps and have uneven terrain.

This 12-day Cultural Garden Tour of Tasmania involves:

- A moderate amount of walking mainly during outdoor site visits, often up and down hills and/or flights of stairs and uneven terrain
- A moderate amount of coach travel, several on winding mountainous roads
- The daily schedule generally involves an early-morning departure (between 8.00-8.30am), concluding in the late afternoon (between 5.00-5.30pm)
- 4-star hotels with 4 hotel changes
- Boat cruise at Freycinet National Park
- You must be able to carry your own hand luggage. Hotel portage only includes 1 piece of luggage per person

It is important to remember that ASA programs are group tours, and slow walkers affect everyone in the group. As the group must move at the speed of the slowest member, the amount of time spent at a site may be reduced if group members cannot maintain a moderate walking pace. ASA tours should not present any problem for active people who can manage day-to-day walking and stair-climbing. However, if you have any doubts about your ability to manage on a program, please ask your ASA travel consultant whether this is a suitable tour for you.

Please note: it is a condition of travel that all participants agree to accept ASA's directions in relation to their suitability to participate in activities undertaken on the tour, and that ASA retains the sole discretion to direct a tour participant to refrain from a particular activity on part of the tour. For further information please refer to the ASA Reservation Application Form.

The purpose of seeking this information is to assist ASA to determine, where necessary, whether ASA is able to make reasonable adjustments to accommodate your specific needs and whether your health and safety (or that of your fellow travellers) is likely to be compromised given your choice of tour. It will also assist you and ASA if you fall ill or have an accident whilst travelling.

- ASA reserves the right to decline your Reservation Application if this Medical Information section is not completed properly and may reject or cancel your reservation, or terminate your participation on any tour, if ASA subsequently learns that you have failed to make full and proper disclosure.
- ASA is committed to protecting the privacy of your personal information. ASA's privacy policy is available for viewing at www.asatours.com.au

- If your participation is discontinued during a tour, ASA will assist by arranging your onward travel (if required) at your own cost, but you will not be refunded for forfeited parts of the tour.
- ASA tour groups are not accompanied by a medical practitioner. ASA recommends that you see your doctor for advice about your specific needs while overseas. Declaration

I declare that: I have read and understood the ASA Tour Itinerary, Reservation Application and Booking Conditions. I am aware of ASA's terms as relating to refunds, cancellations, responsibility and liability. I understand that ASA relies upon this declaration when considering this Application. I accept the inherent dangers, risks and uncertainties in travel and those beyond ASA's control and understand they may occur before or during any tour. I have made full and complete disclosure and have not knowingly withheld any medical information about myself from ASA. I have completed this Reservation Application honestly and accurately. I warrant that I am able to participate independently in all activities described by ASA in the itinerary without assistance from any person.

I will advise ASA in writing if any aspect of my fitness and or health conditions change materially at any time before my departure date. I understand and accept that the itinerary, accommodation and lecturers scheduled for this tour may change.

I agree and consent that ASA may give my personal information in this Reservation Application to tour service providers and relevant authorities as required by law, but only for the purpose of making bookings with and engaging services associated with the tour. I understand that if I do not consent to the use of my personal information for this purpose, ASA will decline my Reservation Application.

In consideration of ASA's acceptance of my Reservation Application, I irrevocably release and indemnify ASA from all claims that I, or any other party, may have against ASA its employees, invitees, agents and contractors, however arising in respect of any loss, damage, injury, death or expense incurred in the course of booking, preparing for, travelling to, on and from or cancelling any tour.

I release and indemnify ASA with respect to:

Limitation of Liability

ASA is not a carrier, event or tourist attraction host, accommodation or dining service provider. All bookings made and tickets or coupons issued by ASA for transport, event, accommodation, dining and the like are issued as an agent for various service providers and are subject to the terms and conditions and limitations of liability imposed by each service provider. ASA is not responsible for their products, services, terms and conditions. If a service provider cancels or does not deliver the product or service for which you have contracted, and does not give a refund, your remedy lies with the service provider, not ASA.

ASA will not be liable for any claim (e.g. sickness, injury, death, damage or loss) arising from any change, delay, detention, breakdown, border closures, cancellation, failure, accident, act, omission or negligence of any tour service provider or authority however caused (contingencies). You must take out such travel insurance as is available against such contingencies.

ASA's liability in respect of any tour cancelled or changed will be limited to the partial refund of amounts you have paid, less an administration fee of \$500 and other costs and charges of third party service providers.
