As a graduate of the prestigious Attingham Summer School for the Study of the English Country House, he has an extensive knowledge of architecture, collections and social history. Richard first joined ASA in 2006, as co-leader of ASA's tour run in association with the National Trust of Victoria, entitled *From Great Houses to Village Greens: the Making of the English Landscape*. Hobart - 5 nights

Day 1: Saturday 25 January, Arrive Hobart

- Time at leisure (optional visit to the Salamanca Market)
- Royal Tasmanian Botanical Gardens incl. the Tasmanian Community Food Garden
- Tour of the Henry Jones Art Hotel led by Robert Morris-Nunn AM
- Introductory talk by Robert Morris-Nunn AM
- Welcome Dinner at the Old Wharf Restaurant

Meeting Point: Foyer of the [Lenna of Hobart](#) at 12.45pm

All participants are kindly requested to make their own way to our heritage hotel, a 19th-century sandstone mansion, which is in the historic area of Battery Point and a short stroll from Salamanca Place's Georgian warehouses that now house galleries and boutiques.

If arriving in the morning, there will be some time at leisure to explore Hobart's colourful Saturday Salamanca Market. Located on the Hobart waterfront, the market is an eclectic mix of more than 300 stallholders. You can buy some locally produced fare for lunch, or dine in a nearby café, and it's a great place to meet the artisans, watch buskers and soak up the atmosphere while you browse stalls with

jewellery, handcrafted timber items, vintage collectables, pottery, plants and flowers.

Our program will officially commence this afternoon with a visit to the Royal Botanic Gardens, including the Tasmanian Community Food Garden which was completed in 2013 on the site of the original 'Pete's Patch' developed by gardening guru Peter Cundall. This working organic production and display garden, with a multitude of veggie production practices has a working example of the original six-bed crop rotation system made famous in the original patch. The site today is used extensively for filming on ABC television's *Gardening Australia* program.

We continue with a tour of the interior of the Henry Jones Art Hotel, led by Robert Morris-Nunn AM. Robert, an adjunct professor at the University of Tasmania's School of Architecture, is principal of one of Tasmania's most awarded practices, Circa Morris-Nunn Chua Architects. In 2017 he was made a Member of the Order of Australia for his significant service to commercial architecture in Tasmania, to tertiary education and to professional institutes, and as a role model. His body of work which "engages with its users, weaving the natural environment with the stories of Tasmania's cultural history" includes the luxury Saffire Resort, the updated Henry Jones Art Hotel in one of Hobart's oldest waterfront warehouses, and the Islington Hotel in one of Tasmania's finest Regency mansions.

This evening we enjoy an introductory talk by Robert Morris-Nunn followed by a Welcome Dinner at the Old Wharf Restaurant. (Overnight Hobart) D

Day 2: Sunday 26 January, Hobart – Ranelagh – Huon Valley – Hobart

- Hobart Convict Penitentiary: guided visit with Prof. Hamish Maxwell-Stewart
- Lunch at Home Hill Winery Restaurant, Ranelagh
- Crawleighwood Nursery and Garden, Huon Valley

Our first visit is to Hobart Convict Penitentiary. The Tench, as it was known by its inhabitants, was the convict prisoners' barracks for Hobart Town. It had some 50,000 male convicts passed through it. Once transportation of convicts had halted, the grounds were then used for other purposes such as Hobart's Old Gaol (1857) and Supreme Court. Prof. Hamish Maxwell-Stewart who has authored several books including *Closing Hell's Gates* and *Unfree Workers: Insubordination and Resistance in Convict Australia* will join us for this visit. He has also co-designed several heritage site interpretations, including a digital convict memorial for the Penitentiary Chapel.

Next we drive to Ranelagh to the family-owned and run Home Hill Winery Restaurant. Inside a rustic building nestled among the lush landscape of a Tasmanian vineyard, this venue offers a tastefully appointed dining area and welcoming ambience. The menu proudly reflects a vibrant Tasmanian heritage, incorporating locally sourced seafood, some of the state's finest produce and the winery's own award-winning drops.

After lunch, we travel to Crawleighwood, at Nicholls Rivulet in the Huon Valley. Here, Penny Wells and Pavel Rusicka have created a 2-hectare garden comprising rhododendrons, Japanese maples, woodland perennials, rainforest species and native Tasmanian plants. Crawleighwood contains at least one specimen of each Tasmanian conifer, including the iconic Huon pine. (Overnight Hobart) BL

Day 3: Monday 27 January, Hobart – Richmond – MONA – Hobart

- Tasmania's History House, Richmond: guided tour with former Senator and Minister Margaret Reynolds

- Talk by historian Henry Reynolds FAHA, FASSA & Walking tour of Historic Town of Richmond
- [MONA – Museum of Old and New Art, Hobart](#)
- Ferry from MONA to Hobart’s Brooke Street Pier

This morning we travel to the historic town of Richmond located in the Coal River Valley. On arrival we take a guided tour of Tasmania’s History House with former Senator and Minister Margaret Reynolds. Originally known as the Jolly Farmers Inn, it was built by Simon McCullough, an Irish convict pardoned for his role in apprehending a murderer in 1825. This Georgian style building features original floors, NSW cedar doors, window casements and some original glass dating back to the 19th century.

Following morning tea in the gardens, historian and author, Henry Reynolds, will talk about the history of Richmond and first contact with Tasmanian Aboriginal warriors. He will also escort us around the delightful village of Richmond. Reynolds is the author of numerous books including *The Other Side of the Frontier* (1982) which won the Ernest Scott Prize. There will be time at leisure to further explore Richmond and have lunch.

We then travel to the Berriedale Peninsula and the Museum of Old and New Art (MONA), an art museum that is the antithesis of the traditional gallery. It was created to be shocking, educational and entertaining with the confronting themes of passion, death and decay explored in unflinching detail. The controversial artworks are all from the private collections of David Walsh, a mathematician and art collector who made his money perfecting algorithms that let him beat casinos and bookies at their own game.

At the conclusion of our visit we take the short twenty-five minute ferry from MONA along the Derwent River back to Hobart’s Brooke Street Pier. From the water you can view this gallery’s remarkable architecture. Designed by Fender Katsalidis Architects (FKA), MONA sits sentinel over the Derwent, its bulk echoing the riverbank topography. (Overnight Hobart) B

Day 4: Tuesday 28 January, Hobart: The Ecology of Bruny Island

- 3-hour wilderness cruise of Bruny Island’s rugged coastline
- The ecology of Bruny Island incl. Truganini Lookout at The Neck & Adventure Bay

Today we are joined by birding and ecology guide Cat Davidson who will accompany us on a full day excursion exploring the ecology of Bruny Island which sits in the D’Entrecasteaux Channel off the southeast coast of Tasmania.

From Hobart we take the 40-minute drive south to the town of Kettering from where we take the ferry to Bruny. Following morning tea we commence our 3-hour wilderness cruise to view the island’s rugged coastline which features some of Australia’s highest sea cliffs and abundant coastal wildlife including seals, dolphins, migrating whales and seabirds.

After lunch we continue with Catherine to other natural highlights of the island including the lookout above The Neck, the strip of sand that links north and south. The 360-degree views from Truganini Lookout are unrivalled on the island, and it’s a quick ascent up a timber staircase to reach it. We also visit Adventure Bay, named after Captain Tobias Furneaux’s ship ‘The Adventure’ in 1773. The area was visited by Furneaux and also Captains Cook, Bligh, D’Entrecasteaux and Tobin in the 1700s. We return to Hobart in the early evening. (Overnight Hobart) BL

Day 5: Wednesday 29 January, Hobart – Neika – Hobart

- High Peak, Neika (by special appointment)
- Tasmanian Museum & Art Gallery: guided tour
- Cascades Female Factory – World Heritage Site
- Fullers Bookshop: talk with [Dr Alison Alexander](#)

Our first visit is to High Peak, a Queen Anne style house built in 1891, located at Neika on the slopes of the spectacular Mt Wellington. The extensive garden was begun soon after the house was completed, its early establishment evidenced by the huge old conifers on the drive and the many large old trees and shrubs, including many magnificent rhododendrons. There is a sense of isolation in this subalpine environment of forest and pristine creeks, and this is what made High Peak such a perfect summer retreat for generations of the Grant family from the late 1800s.

Following some time at leisure for lunch we visit the Tasmanian Museum & Art Gallery, a combined museum, art gallery and herbarium. TMAG is Australia's second-oldest museum and has its origins in the collections of Australia's oldest scientific society, the Royal Society of Tasmania, established in 1843. We shall take a guided tour to explore treasures of the Colonial and Arts and Crafts collections, including works by notable artists such as John Glover, Benjamin Duterreau and WC Piguenit.

In the afternoon we visit the Cascades Female Factory, a purpose-built convict facility for women which operated from 1828 to 1856. Of the 25,000 women transported to Australia, around half were sent to Van Diemen's Land. Most spent time in this grim, isolated and overcrowded factory, located in a cold, swampy valley in the shadows of Mt Wellington. The site is associated with the rise of segregated prisons for female criminals during the 19th century. Its aim was to remove women convicts from the negative influences and temptations of Hobart. During our tour we hear the stories associated with this former workhouse, and view three of the original five stone-walled compounds (or yards) which accommodated, punished and aimed to reform female convicts, the Matron's Cottage and substantial ruins of a perimeter wall. The site was included on the Australian National Heritage List and was inscribed on the World Heritage list in July 2010.

Fuller's Bookshop was established in 1923 and is one of Hobart's leading independent booksellers. We visit the shop and meet with local historian and award-winning author, Dr Alison Alexander. Alison is a seventh-generation Australian, with convict ancestors in the first, second and third fleet. She was formerly a lecturer in history at the University of Tasmania, and is the editor of *The Companion to Tasmanian History*. She is also the author of numerous books including *Tasmania's Convicts* (2010), *The Ambitions of Jane Franklin* (2013), and *Patricia Giles, painter* (2019) who brought the wilderness to Tasmanians in her watercolours. (Overnight Hobart) B

Strahan – 2 nights

Day 6: Thursday 30 January, Hobart – Russell Falls – Hollow Tree – Lake St Clair – Strahan

- Russell Falls, Mount Field National Park
- Strathborough, Hollow Tree (by special appointment)
- Afternoon tea at Lake St Clair Lodge

We depart Hobart early this morning and drive to Russell Falls at Mount Field National Park which is part of Tasmania's World Heritage Wilderness Area. Featured on Australia's first stamp, Russell Falls consists of two vertical drops; the 20-minute return walk to the falls is on a good track and boardwalk through lovely rainforest. The walk passes through towering swamp gums and areas close to the falls are framed by stunning tall tree ferns. After the walk there will be a coffee break at the Waterfalls Café and Gallery.

At Hollow Tree, in the Central Highlands, we visit a Georgian Colonial homestead historically named 'Strathborough'. The European history of Strathborough began with a 2,000 acre grant issued to Joseph Bradbury in 1823. Bradbury who had arrived from London in 1823, was appointed pound keeper (a stock controller authorised to impound trespassing animals) for the district in 1832. The large sandstone house at Strathborough was built by convict labour for Bradbury and completed in c. 1834. As was the tradition at the time, the convict foreman's name was carved into the stonework at the rear of the chimney. The current owners engaged the architectural firm [Core Collective](#) to restore the house and stables back to their original fabric. This is a wonderful opportunity to gain an insight from the current owners in the collaborative process of refurbishing and renovating a house of many histories.

From Hollow Tree we continue north to Lake St Clair, a natural freshwater lake located in the Central Highlands area. Carved out by ice during several glaciations over the last two million years, this is the deepest freshwater lake in Australia (167 metres) and the headwaters of the Derwent River. The lake forms the southern end of the Cradle Mountain-Lake St Clair National Park which is part of the Tasmanian Wilderness World Heritage Area. Here we enjoy afternoon tea at the Lake St Clair Lodge which offers fine views over the lake and mountains beyond.

From Lake St Clair we make the 2.5-hour journey to the small village of Strahan nestled on the shores of Macquarie Harbour on Tasmania's west coast. (Overnight Strahan) BL

Day 7: Friday 31 January, Strahan

- 'Spirit of the Wild' 6-hour cruise of the Gordon River – Premium Upper Deck
- Morrisons Huon Pine Sawmill

Today we board the *Spirit of the Wild*, a purpose-built 34-metre catamaran, for a 6-hour cruise through the pristine World Heritage-listed Gordon River and Macquarie Harbour. Our cruise includes a gentle rainforest walk to view Huon pines at Heritage Landing. We also Cross Macquarie Harbour to Hell's Gates, and take a walking tour of Sarah Island where convicts laboured under the harshest conditions at this remote penal colony. A feature of this cruise is seating in the 'Premier Upper Deck' which includes complimentary Tasmanian wines, morning and afternoon teas, buffet lunch, premium leather recliners with full-length windows, and a private viewing deck and lounge.

At the conclusion of our tour we visit Morrison's Huon Pine Sawmill, a fourth-generation family business which has been operating since the early 1940s. Here we may view how Huone pine is transformed from a salvaged log to a beautiful piece of craft timber. (Overnight Strahan) BL

Cradle Mountain – 2 nights

Day 8: Saturday 1 February, Strahan – Queenstown – Cradle Mountain

- Talk with two-time Glover Prize-winner and printmaker [Raymond Arnold](#)
- Lynchford Express experience by heritage steam train
- Penghana: guided tour & light lunch

This morning we travel north to Queenstown, the largest town in Tasmania's west with a rich and rugged mining history. The Mount Lyell Mining and Railway Company (initially founded in 1881 under the name Mount Lyell Gold Mining Company) was formed in response to the discovery of alluvial gold and later vast copper deposits. In the 1900s Queenstown had numerous smelting works, brick-works, and sawmills. The area underwent mass logging; the clear-felled timber was used to feed enormous pyritic smelting furnaces.

This mass logging, combined with sulphurous rain, denuded the landscape creating a rocky 'moonscape' of bare coloured conglomerate.

On arrival in Queenstown, we meet and talk with artist and Glover Prize winner Raymond Arnold. His works speak of the Western Tasmanian landscape like no other, masterfully describing, as if in geological time, the ongoing processes of restoration, resurrection, and respite that this unique wilderness offers and endures. We shall see some of his works in the Queen Victoria Museum and Art Gallery in Launceston.

We then board a heritage steam train that takes us from Queenstown to the remote station at Lynchford, once a bustling centre for pioneers, adventurers, and those brimming with gold fever. During our journey, we also have a chance to walk in the rainforest, pan for gold, or take in the Lynchford Pioneers Room.

After our train ride, we visit Penghana, a splendid Federation-style house built in 1898 for the first General Manager of the Mount Lyell Mining and Railway company, Mr Robert Sticht. We take a tour of this National Trust property and enjoy a light lunch.

From Penghana we continue our journey north to Cradle Mountain-Lake St Clair National Park, an integral part of Tasmania's World Heritage area. The region is characterised by rugged peaks, deep gorges, glacial lakes, heathlands, Button grass moors and ancient forest. Our route takes us past the remote former mining town of Tullah, now located on the edge of Lake Rosebery which was created by the Bastyan Dam built by the Hydro-Electric Commission in 1983. (Overnight Cradle Mountain) BLD

Day 9: Sunday 2 February, Cradle Mountain

- Dove Lake Park Explorer Tour at Cradle Mountain-Lake St Clair National Park including Waldheim Chalet and Weindorfers Forest Walk
- Afternoon at leisure
- Devils@Cradle' – Tasmanian Devils Sanctuary

Early this morning our coach takes us to Dove Lake for a visit and a chance to take some photographs of this iconic scenery. A six-kilometre track, with much of it boarded for easy walking, circles the lake under the towering shadow of Cradle Mountain. The track also meanders through the tranquil Ballroom Forest where myrtle-beech trees are festooned in moss, and Glacier Rock can also be viewed from it. We'll be on the lookout for Australia's only cold-climate deciduous tree. *Nothofagus gunnii* is also known as tanglefoot as bushwalkers sometimes get caught in its twisted, ground-hugging branches. You'll only find it in Tasmania!

This rest of the day is at leisure for you to enjoy the facilities of your hotel. You may wish to take a stroll along the 'Enchanted Walk', an easy 1.1 km circuit suitable for all ages. The walk, which starts near the bridge crossing Pencil Pine Creek, meanders through magical, mossy forest, along a cascading creek.

Following an early dinner at the hotel we meet Tasmania's most famous animal, the Tasmanian devil. Our visit is timed to observe the amazing night-time antics of these devils at feeding time. Here we will learn more about the devil's biology, behaviour, and the aptly named, Devil Facial Tumor Disease (DFTD) which is the only known infectious cancer. First detected in 1996, wild devils in Tasmania have been beset by this deadly and contagious cancer that affects their faces and mouths. The population has since been reduced to just 25,000 individuals. (Overnight Cradle Mountain) BD

Launceston - 3 nights

Day 10: Monday 3 February, Cradle Mountain – Sheffield – Westbury – Launceston

- Sheffield, the 'Town of Murals'
- Sheffield FlowerFEST
- Private garden of Peter Wright, Westbury

This morning, our journey takes us east to the town of Sheffield. Named by Edward Curr after his hometown in South Yorkshire, England, it was settled in 1859 and grew slowly until the 1960s, when the Mersey-Forth Power Development Scheme brought a surge of activity. The completion of the scheme, comprised of seven dams and power stations, in 1973 led to a decline in the town's population. A small group of residents, inspired by the success of Chemainus, a Canadian town that used mural art to revitalize itself, launched a movement to reinvent their town. The Kentish Association for Tourism embraced the vision of combining art and tourism to breathe new life into Sheffield. The first mural, painted in December 1986, marked the beginning of the town's transformation into the "Town of Murals". Today, over 60 murals adorn the walls of Sheffield, depicting the area's rich history and natural beauty.

Since early 1900s a local show has been staged in Sheffield. Those first shows were typical of a country fair showcasing local produce, animals, arts and crafts, and a great deal more. In the early days, the highlight of the event was a dinner dance held on the Saturday night and celebrated in the Kentish Garden Club mural in Main Street in Sheffield. Today FlowerFEST focuses on floral displays and is held in the Sheffield Town Hall. As well as flowers there are also plant displays, plant and produce stalls and a gardening bookstall.

Next we visit the private garden of Peter Wright in Westbury. This is a designed new garden with pavilions and axis, and 40 year old English trees over three acres. Peter is 100% off grid and has built his whole garden around an empty space where his house has been constructed. We then travel to the Peppers Seaport Hotel in Launceston, a waterfront hotel built on a former dry dock at the confluence of the North Esk, South Esk and Tamar Rivers. We will have lunch in Peter's garden and drive to Launceston after the visit. (Overnight Launceston) BL

Day 11: Tuesday 4 February, Launceston – Westbury – Illawarra – Launceston

- Queen Victoria Art Gallery (QVMAG): guided tour with Art Curator (by special appointment)
- Culzean Gardens, Westbury
- Grave of landscape artist, Tom Roberts, Christ Church, Illawarra
- Dinner at the award-winning Stillwater

Today we begin with a visit to the Queen Victoria Art Gallery. The exhibition deploys a dynamic and immersive mix of old and new art, which brings the histories, identities and stories of Northern Tasmania into a fresh and contemporary context. Colonial artists such as John Glover, William Piguenit, Gladstone Eyre, Joshua Higgs & Robert Dowling are represented as are Australian artists Ben Quilty, Tom Roberts, Fred Williams & Rick Amor. By special appointment, Ashley Bird – Assistant Curator – will assist in showing us through the new QVMAG gallery.

Following some time at leisure to further explore the gallery we depart Launceston for Westbury to visit Culzean Gardens (pronounced 'cullane'), a 13-hectare property with almost 3 hectares of park-like gardens and a 3-acre lake fringed with thousands of iris. The home was built in 1840 and many significant driveway trees were planted in the 1870s. The property has hundreds of conifers and mature trees, rhododendrons and azaleas and many roses.

On our return to Launceston we make a brief stop to visit Christ Church, Illawarra, which houses the grave of colonial artist Tom Roberts, and contains an altar decorated by artist Arthur Boyd. Tom Roberts (1856–1931), considered the leader of the Heidelberg School, produced many iconic artworks of rural

labour and the light and atmosphere of the bush. Some of his most notable works include *Shearing the rams*, *A Break away!*, and *Bailed up*. His landscape works were often inspired by his visits to Tasmania. An admirer of fellow artist John Glover, Roberts captured beach scenes, bush compositions and sweeping mountain ranges across the state. He met his wife Lillie in Launceston and the couple married in 1896. Following Lillie's death in 1928, a bereft Roberts returned to Tasmania. In August 1928 Roberts married Jean Boyes and the couple divided their time between Tasmania and Kallista thereafter. During his final years he produced a number of works including *Woodlands* (1926) and *Farm, Mt Roland, Tasmania* (1930) which were kindly donated to QVMAG's Visual Arts and Design collection. He gave a larger landscape, *Glover's Country, Tasmania*, to friends in c. 1929, which is now in the collection of the Tasmanian Museum and Art Gallery, Hobart.

Roberts is buried next to his wife at Christ Church, courtesy of the Dumaresq family. The small bluestone building was built in 1842 by Tasmanian Surveyor-General Captain Edward Dumaresq on his property, Mt Ireh. It was originally built as a school house and dedicated to the glory of God in 1844. The tower and apse were designed in the Arts and Crafts style by architect Alexander North (1858-1945) and added in 1910. The altar was decorated with cherubs by noted modern Australian artist Arthur Boyd.

This evening we dine together at Stillwater, one of Tasmania's most awarded restaurants. (Overnight Launceston) BD

Day 12: Wednesday 5 February, Launceston – Deddington – Perth – Launceston

- John Glover's house 'Patterdale'
- The Jolly Farmer, Perth

This morning we travel to Deddington where John Glover built his house, 'Patterdale'. We will not only see where he painted but also the garden and landscape that inspired him. Glover was so productive in his output living here that artist Tom Roberts chose to describe the surrounding hills as 'Glover Country'. 'Glover Country', covers an area of 4000ha, which includes the original land grants of Glover and his neighbour Robert Pitcairn of Nile Farm. The area is now listed by Heritage Tasmania as both a built and natural cultural site. Glover possibly chose this land due to its picturesque views in all directions, fertile valleys and rolling hills surrounding Nile River.

After lunch, we continue to Perth to visit the Jolly Farmer. Built in 1826, The Jolly Farmer was a popular coaching inn for most of the 19th century, situated on what was then the main road between Launceston and Hobart. It is a Georgian style building with original floors and some window panes dating from the 19th century. A private residence since 1876, the property has had a series of occupants, including poet Norma Davis in the 1940s, but few of its features have changed in 145 years. The garden surrounding the building features original trees, rare and unusual plants, exotic trees, roses and perennials, all displayed in beds defined by dry stone walls and lawn walks. (Overnight Launceston) BL

Day 13: Thursday 6 February, Launceston – Longford – Relbia – Launceston Airport

- Brickendon: A World Heritage-listed Colonial Farm Village, Longford
- Farewell Lunch at Josef Chromy Wines
- Transfer to Launceston Airport (arrival approx. 1500hrs)

Brickendon, like Woolmers, was settled by William Archer, in 1824 and has been owned and farmed by the same family for over 180 years. Members of the fifth generation of Archers are now tending the gardens. We'll see the convict buildings of the farm village and check out the roses, shrubs and some of the

oldest trees in Australia including oaks, elms, pines, cedars, yews and lindens and gardens with cool climate specialty plants like old fashioned roses and clematis.

We conclude our tour with a farewell lunch at Josef Chromy Wines, set among old English gardens and stands of 100-year-old oak trees, and overlooking a picturesque lake and vineyard. Acclaimed as one of Australia's top 10, the cellar door is housed in the original 1880s homestead. The restaurant matches the best local regional produce with award-winning cool climate wines. **BL**

Physical Endurance & Practical Information

Physical Ratings 

The number of flags is a guide to the degree of difficulty of ASA tours relative to each other (not to those of other tour companies). It is neither absolute nor literal. One flag is given to the least taxing tours, seven to the most. Flags are allocated, above all, according to the amount of walking and standing each tour involves. Nevertheless, all ASA tours require that participants have a good degree of fitness enabling 2-3 hours walking or 1-1.5 hours standing still on any given site visit or excursion. Many sites are accessed by climbing slopes or steps and have uneven terrain.

This 13-day tour involves:

- A moderate amount of walking mainly during outdoor site visits, often up and down hills and/or flights of stairs and uneven terrain
- A moderate amount of coach travel, several on winding mountainous roads
- The daily schedule generally involves an early-morning departure (between 8.00-8.30am), concluding in the late afternoon (between 5.00-5.30pm)
- 4-star hotels with 3 hotel changes
- Bruny Island 3-hour wilderness cruise, Gordon River & Macquarie Harbour 6-hour cruise
- You must be able to carry your own hand luggage. Hotel portage only includes 1 piece of luggage per person

It is important to remember that ASA programs are group tours, and slow walkers affect everyone in the group. As the group must move at the speed of the slowest member, the amount of time spent at a site may be reduced if group members cannot maintain a moderate walking pace. ASA tours should not present any problem for active people who can manage day-to-day walking and stair-climbing. However, if you have any doubts about your ability to manage on a program, please ask your ASA travel consultant whether this is a suitable tour for you.

Please note: it is a condition of travel that all participants agree to accept ASA's directions in relation to their suitability to participate in activities undertaken on the tour, and that ASA retains the sole discretion to direct a tour participant to refrain from a particular activity on part of the tour. For further information please refer to the ASA Reservation Application Form.

ASA is not responsible for their products, services, terms and conditions. If a service provider cancels or does not deliver the product or service for which you have contracted, and does not give a refund, your remedy lies with the service provider, not ASA.
